Township Takes Part

Polio Tests OKed, Start In May

District Attorney Gives Go-Ahead; Parents Must Give Permission

Despite one legal question, and two "scare" broadcasts by Columnist Walter Winchell, several hundred Township children will do their part in nationwide polio-vaccine tests starting early in May.

This was the word today from the County Health Department and from trustees of most of the nine local elementary school districts.

Parents' permission will be necessary before the youngsters will be inoculated with the famed Salk vaccine, under sponsorship of the National Foundation for Infantile Paralysis.

Forms for parents to sign are going out this week in many Township schools to mothers and fathers of first, second and third graders, who will take part in the tests, designed to determine the value of the Salk vaccine in immunizing humans against the crippling disease.

Washington Township and the rest of Southern Alameda County as far north as San Leandro comprises the only area in California which will take part in the field tests. Elsewhere in the nation, hundreds of thousands of children will take the "shots."

A stumbling block last week appeared to be the question of whether it would be legal to use the schools for the tests. On Friday, District Atty. J. F. Coakley issued a statement that it was legal, provided the "shots" were given after regular school hours, so as not to interfere with studies.

The question had been raised by Hayward School trustees. Coakley stressed that the schools themselves are not authorized to participate in the program, but may make their facilities available, just as they do for many other outside activities.

Under such circumstances, the district attorney concluded, no district will incur liability for any damages which may occur as a result of the inoculations.

Meantime Winchell went on the air on two Sundays with a report that monkeys had died as a result of being tested with the Salk vaccine. However, the executive council of the Alameda-Contra Costa Medical Assn. countered with an endorsement of the vaccine program, and pronounced the Salk vaccine safe.

Winchell charged "live" virus killed the monkeys in a test in the East. But Dr. Thomas Perdue, in charge of the tests for the Alameda County Health Department declared:

"Winchell's remarks were purely sensational. He had only partial information to start with, and some of the facts he later give were untrue.

"Winchell implied that the same vaccine that killed the monkeys would be used on the children. Of course, that's not so. The whole purpose of the test on the monkeys was to see if there was any live polio virus in any batch of the Salk vaccine. Every drop is triple tested. If there is the least reaction in any of the tested animals, the entire batch is rejected."

Dr. Perdue said some 48,000 cubic centimeters of the vaccine will be ready for injections during the first week in May. This

DOC SEES SNAKE, SNAFFLES SAME

Decoto's superintendent of schools, Harold Schoenfeld, figured in a bizarre encounter with a snake while flying in a passenger plane to Los Angeles last week.

Dr. Schoenfeld, en route to a superintendent's conference in San Diego, was seated near a Mrs. Earl Noble of San Francisco.

Suddenly Mrs. Noble jumped. Out of a handbag at her feet crawled a large green snake.

Stewardess and co-pilot were summoned while the other passengers moved hastily to another part of the plane. But Dr. Schoenfeld, summoning up his knowledge of snakes, grasped the reptile firmly and tossed it into a container.

In Los Angeles, it was determined that the snake, of the harmless garter variety, had been brought aboard at Seattle by an unidentified passenger as a "present" for his children, then had escaped when the captor alighted in San Francisco.

TECHNICALITY IS THREAT TO NEW NILES SCHOOL

Last-minute State restrictions for a time threatened construction of Niles' new grammar school, Supt. E. Dixon Bristow disclosed this week.

Bristow was in Sacramento yesterday trying to straighten out the tangle.

He explained before he left that a belated ruling by a Legislative committee forced the local district to use $28,000 more of its own funds than anticipated so that work might start this month on the Vallejo Mills School, east of Ellsworth Orchard.

Niles originally had been slated to put up only $64,000 of the cost of the $250,000 structure. The State was to have furnished the balance out of school-aid bond money.

However this State aid had to be figured on the basis of square footage in existing buildings, under the belated ruling. And Niles' present school was charged with 6850 "excess" feet in its auditorium and covered corridors.

So, Bristow explained, an equivalent sum was to be deducted from the State money. In haste, Bristow and the local trustees guaranteed the additional $28,000 to assure a start on the new building. It will relieve overcrowded conditions in the old one.

The local money, to be taken from bond funds voted last year, eventually will be replaced by the State, Bristow predicts. Meantime however, Niles must put up $92,000 instead of $64,000 to get its school.

Mrs. Buehler Enters Niles School Race

Mrs. Florence G. Buehler, wife of a widely-known Niles physician, filed Monday for a job as Niles School trustee.

Mrs. Buehler will vie with Lewis Manuel and Donald Bragg for two additional trusteeships created this year. John Cattaneo is unopposed for the regular post. Filing ended last night, for the May 21 election.

Mrs. Buehler is a graduate of San Jose State College, worked for the Santa Clara County Probation office, and has lived in Niles for 12 years. She has three sons, all in the Niles school.

THINCLADS—Husky trackmen are snapped in recent workouts. Above are Hurdlers Al Rodriguez, Decoto junior (nearest camera) and Dennis Moffat, Hillview Crest. Coaches Jud Taylor and Clyde Voorhees look on. Below, Tom Rigmaiden, Alvarado frosh, tries high jumping, while Norman Campbell, Hillview sophomore, holds standard.—(WTN Photos).

PGE Office Moving To Centerville

Pacific Gas & Electric Co. offices for Washington Township will move from Niles, to a new $30,000 building on Fremont Ave., opposite Safeway Stores.

The announcement came this week from Peter D. Juhl, local PG&E manager.

The office will be located on an 82-front-foot lot purchased recently from Elmer Stinhilver for a reported $22,500. The modern building will cover 2500 square feet.

Juhl's office will be in Centerville, but the present Niles office will be retained for payments and other services. The new structure is expected to be ready in four months.

Brick Plant Struck

Union - management meetings were going on this week in an effort to end the strike of AFL brick workers against the E. J. Lavino Co., of Newark. The work stoppage began Friday over a wage dispute.

The union, representing 45 men, is asking an increase of 16 cents an hour over present base pay of $1.61. The company reportedly has offered five cents. Additional "fringe" benefits also are under discussion.

CAN YOU SPELL? JACKIE, SHERYL CAN

Two Washington Township schoolgirls are finalists in tomorrow night's Alameda County Spelling Bee in Oakland's Haight School.

The glib misses are Jacqueline Santos, 12, daughter of Mr. and Mrs. Jack Santos of Warm Springs; and Sheryl Gray, daughter of Mr. and Mrs. Graydon Gray of Glenwood Manor, Centerville.

Both ended up in the last five spellers Tuesday night when Southern Alameda County schools sent their top students to Kimball School, in Hayward.

Jacqueline, in fact, swept first honors in the south county finals. She spelled down her last rival by correctly ciphering "serial," and "consolidation."

Winners in the Alameda County finals will compete in State spell-downs, and will have a chance to enter the national finals.

Beale Sells Site For Newark Jr. Hi For $63,000

Newark school trustees this week completed negotiations with a San Leandro promoter to get 14 acres of land for their new "junior high" school.

The board met Tuesday with representatives of Arthur Beal, who had optioned 22 acres next to the existing school from Mrs. Annie Caldeira. Beal's attorney offered the 14 acres for $4500 an acre, and the price wa saccepted according to Supt. Jack MacGregor.

Beal had first asked $5000. He had obtained the land for $4000 an acre, but produced an offer Tuesday from a San Leandro builder bidding $4500.

The new school will comprise 12 classrooms, a home-making room and a library. Plans should go to the State in three weeks, MacGregor said. The new school will care for seventh-and-eighth graders. The present elementary school now has 802 pupils enrolled, with double sessions through the third grade "and probably the fourth and fifth soon," the principal said.

MacGregor has no bopes of being able to use the "junior high" before the fall of 1955, however.

NEWSPAPER HOME—Below is Engineer R. E. Layton's conception of new building for Washington Township Newspapers, Inc., located at 177 Fremont Ave., Centerville. Right front are two proposed retail stores. Presses are located in rear and newspaper office at left. Building is slated to be ready by August.

ZONING BLUES

IRVINGTON ROWS, C'VILLE FIRM ON BUSINESS AREAS

Parry, Prouty In Heated Clash

Hot words flew at the Irvington Chamber of Commerce on Tuesday, as Jack Prouty accused a chamber committeeman of lack of qualifications to recommend how Prouty's land should be zoned.

Prouty made his charge after the committeeman, Jack Parry, had asked him for an apology for Prouty's remarks on the subject last week.

The argument arose over a letter to the Alameda County Planning Commission from the chamber on April 13 in which the civic body asked that landowner requests on zoning be channeled through the zoning committee. Parry is a member of this committee, which is headed by Bill Humpert.

Parry said that at last week's meeting, Prouty had said he considered himself "beyond the chamber and its zoning committee," and that he would consider it a personal affront if the committee recommended his property be zoned contrary to his wishes. ,

Prouty pounded the table and shouted:

"You're a nice young man, but you're a newcomer here! You haven't the ability or judgment or background to deal with my property! This chamber is doing what the County Planning Commission is supposed to do!"

At this point, R. J. Wright, chairman of the planning commission, who was attending the luncheon session, arose and left the room. He later returned.

Prouty continued:

"You're setting up a little group to speak for the whole town of Irvington. The people who own property should be the ones to make the recommendations."

Prouty intimated he was wroth because he fears the committee is trying to force him to subdivide property he owns on Driscoll Road into lots larger than 50-foot width.

Chamber Pres. A. E. Alameda tried to restore order, and finally threatened to resign unless peace was forthcoming.

Humpert said he had opposed sending the letter to the planning commission, but that he was overruled. He said he wants to expand his five-man committee to seven to spread the burden of its work.

And Dr. E. M. Grimmer, who owns land he wants rezoned commercial north of the grammar school, declared:

"I think we'd better get out of the zoning business and let the planning commission do it before we lose our chamber. Don't let's pull (the commission's) chestnuts out of the fire for them."

Earlier, Humpert said his committee has decided not to intercede for Dr. Grimmer until the planning commission has announced its decision May 5. However Humpert said the committee favors business zoning for the Grimmer property, and will recommend it if the commission doesn't.

Chamber Denies Change In Depth

The Centerville Chamber of Commerce's official stand on protective zoning for the town isn't the same as those pushed by various landowners, it was made clear Monday by chamber members, led by Lee S. Williams .

Williams warned that the County Planning Commission, at its final hearing last week, "misunderstood" the chamber stand, particularly as concerns zoning business property along Main Street.

"Our planning committee (of which Williams was chairman until a recent illness) worked many hours to come up with a plan which was accepted at several public meetings," the rancher declared.

"Then these individual landowners step into the picture, and the commission gets the idea we want commercial zoning 400 feet deep and two miles long."

This, Williams warned, is unrealistic, and leaves the door open for the commission to zone the town without regard for the chamber committee's study. He suggested the organization return to its original stand, and advise the commission before the scheduled decision in Oakland May 12.

It was decided, however, to wait until next week so that members could inspect a map offered by Williams' committee last fall. This stops commercial uses, roughly, short of the grammar school and just beyond Thornton Avenue. Depth of the zone is not mentioned, but approximates only 200 feet.

LeRoy Broun, chamber secretary, said apparently the commissioners "misinterpreted" a letter he wrote them after a public hearing last month in the high school. Broun said he told the planning body "the gist of the discussion" favored 400-foot depths, but added this did not change the previous Chamber position.

ALVISO PASSES SEWER BONDS

Alviso District's $200,000 bond issue to finance installation of sewer lines in its 5000-acre tract recently annexed to the Union Sanitary District was approved Thursday by a vote of 131 to 20.

The Decoto district's commissioners have recommended consolidation and a petition favoring the merger will be in circulation soon, a spokesman for the district said last week.

500-MAN FACTORY

A large, unnamed plant slated to employ 500 men is in the works southwest of Irvington, it was reported Tuesday to the local chamber of commerce by R. J. Wright, chairman of the Irvington Sanitary District.

Wright said he was approached for the factory, located somewhere near Boyce Road.

PUBLIC SCHOOL WEEK

County Superintendent of Schools Vaughn Seidel sent a communication this week to local Chambers of Commerce calling attention to the annual Public Schools Week, April 25 to May 1.

- CYLINDER BLOCKS
- FUEL PUMP BODIES
- PRESSURE PLATES

OR ANY TYPE RESURFACING JOB RE-GROUND AS GOOD AS NEW

DON'T PUT THAT DISTORTED HEAD BACK TO WORK! It will only ruin your good Ring and Piston Job . . . and your reputation too. Regrinding of Warped, Grooved and Twisted Cylinder Heads or other distorted parts is absolutely necessary to insure a GOOD JOB.

There's no getting away from it. Most any ring or piston or rebore job is only half done until the cylinder head has been resurfaced.

It's an actual fact that nine out of ten cylinder heads are warped, twisted or corroded. In this condition they can't be pulled down tight on the block. The result is a compression leak—either to the outside or from one cylinder to another—or a water leak into the cylinders.

The only sure way to know that your job is complete and free of compression and water leaks is by resurfacing the head—and the only quick and economical way to do this is on our new Lempco Surface Grinder. Check every head you take off. You'll be surprised at how many need resurfacing.

CAROLLING AROUND NEWARK

By JEANNE AND GENE CARROLL
Newark 3-3564

AROUND TOWN

NEW DUMP LAW . . . A public hearing will be held at 2 p. m. Thursday, April 29, in the Courthouse in Oakland.

Maybe if we can get a law with teeth in it we won't have to worry so much about garbage dumps in our area.

FUNNYBONE TICKLER . . . Give a gander to the Newark city limits signs next time you come into town and have yourself a chuckle when you read: Newark, population 1532. And 800 of them go to grammar school. Whatta town!

NEW BUSINESS . . . A branch of the Budget Cleaners will open up in the shopping center under the managership of Viola Hatfield and Pearl Timmons. These gals were just visiting here from Oregon, liked it and decided to stay. So. like magic, visitors are residents (they live on Olive street) and we have a Budget Cleaners. Drop in and get acquainted.

HOUSE HUNTING . . . Have you visited the Garden Terrace model home on Cherry, south of Baine? They sure give you a selection of interiors to choose from and the home seems to be compact, neat and livable. Yep, it looks like A. L. Terranova is building a home which will be an attraction for home buyers, and an attraction of Newark as the subdivision progresses.

THIS IS IT . . . Yes sir, tomorrow, Friday, April 23, is when the "black gold rush," Kiwanis Club whist party, gets under way at the school at 8 p. m. Coffee prizes and at the price of coffee, it's a prize. Ken Foster is serving as general chairman of the whist party and is assisted by Frank Gygax, Jack MacGregor, Art Cotton, George Latham and Gene Carroll. The PTA will serve the refreshments.

NEXT WEEK, April 26 through April 30, is Public School Week. It isn't the little red school house anymore but our modern schools give our modern children a modern education and that's what we send them there for. Drop around to our school next week, meet your child's teacher and take a cook's tour of the buildings and grounds—a first class school. The seventh and eighth grade mothers tea will be held at 2:30 on Wednesday, April 28. The school children will enjoy the third concert of the term on Monday—all a part of Public School Week.

IT IS ALL OVER for the 13 women and one brave man in the Red Cross first aid class. Last Monday they received the civil defense supplement after having completed the first aid certificate requirements. Mrs. Dorothy Dean was the instructor.

EASTER was a wonderful day for us, as the Carroll clan and the George Lathams and Winifred Correia were guests of Louie and Ina Milani. Everything was super from the Easter egg hunt down to the last good night.

NOTICE to all stem winders . . . Don't forget to set your clocks Sunday morning at 2 a. m. Daylight savings time is with us again and if you want to be in step, set your clock ahead one hour and go back to sleep.

TONIGHT is the night that the Rec starts a new beginners folk dance group at the Newark School. If you would like to learn to swing and sway, the lessons start at 7 p. m. Ruthe Underwood is the instructor.

BIRTHDAY greetings to Mrs. Josephine Brown and Mrs. Sadie Smyrl who just happened to be celebrating their birthday as well as Easter last Sunday . . . to a sweet little girl, Melanie McNieve on her first birthday tomorrow . . . to young Stanley Pashote who was born one year ago today . . . to Clem and Kenneth Spence, "mansize twins," who have a birthday coming up Sunday . . . to Barbara Boyer who will be 15 this Sunday.

JUST IN TIME for Easter week-end in Corona visiting her son, Buzz, who, we are happy to hear, is getting along fine. Acompanying Mrs. Foley were her daughter, Shirley, Marlene Phippin and Donna Rae Role. Mr. and Mrs. Clarence Le Count enjoyed Easter dinner at Dinah's Shack in Palo Alto as special guest of their daughters and their families, Mr. and Mrs. George Pagan and Mr. and Mrs. Alex Bernard.

LUTHER AND WAUNITA HUDSON entertained Joe and Wanda Garcia on Easter Day.

ME-3 BILL CHANDLER was one lucky fellow who returned home from overseas in time to enjoy Easter Sunday with his wife, Jo Ann. After seven months floating around Japanese waters aboard the USS R. B. Andersen it was great getting his land legs back "at home." It was back to San Diego after his 72-hour pass.

IT'S A GIRL! That is what the announcement cards stated that Fred and Velma Scarbrough sent to their friends. Merry Eileen was born on March 31 and tipped the scale at 7 pounds 8½ ounces. She joins Bobby, Donald and Christine at home.

THIS IS BEAUTIFUL weather for a nice drive to Carmel. At least that is what Mr. and Mrs. George Worley and friends Mr. and Mrs. Robert Milne and Mrs. E. Milne thought. Last Saturday found them enjoying the day in Carmel.

JUST A REMINDER . . . Newark PTA will conduct its spring salvage drive from April 30 to May 6. If you have any old clothes or rags cluttering up the place, here's your chance to get rid of them.

ALL SCOUTS, Boys and Girls, will participate in the paper drive to be held on Saturday, May 1. The Independent Paper Company of San Francisco will send a big truck to collect the papers. This truck will be parked at the Newark Youth Center and we would like to see it fully loaded. We don't need the papers and the Scouts certainly need the money to carry on their many activities. Tie this activity to the one above and make a clean sweep.

THE "BABY EXPRESS" came into Highland Hospital on March 31 with another precious baby boy for Mr. and Mrs. Joseph Wiltz. The newcomer weighed in at 5 pounds and 4 ounces and will answer to the name of Michael. Baby Michael joins brothers Joe, Gerald, Melvin and Charles and sister Carol in the Wiltz family circle.

TURNABOUT is fair play. Mr. and Mrs. Tommy Ledford and Wanda entertained Mrs. Ledford's sister and family, Mr. and Mrs. H. P. Coke and Linda of Victorville, during the Easter week vacation. They reversed hosts as they all trekked up to Victorville for the Easter week-end . . . good idea.

HEY, look what's coming up! The Women's Society of the Presbyterian Church is serving a turkey dinner with all the trimmings next Wednesday, April 28, from 5:30 p. m. to 7:30 p. m. at Calvin Hall. Mrs. Franklin Brown is chairman and you may call Mrs. R. O. Grace, Newark 3-3722 for reservations. The charge will be $1.50 for adults and 75 cents for children and the public is invited to enjoy the luxury of eating out.

WELL, WELL, Mary Gastelum's daughter, Mrs. Dora Barrios, finally arrived from Lima, Peru, last Saturday after making a stopover visit with friends in Central America, just long enough to make a liar out of a couple of reporters. Anyway, they really enjoyed Easter as Bill and Gene joined them for the ride to Berkeley and dinner with another daughter, Mr. and Mrs. Jack Washburn, and family.

EVERETT AND MARGE MILANI and son, Gary, spent Easter week in Coulterville visiting with Marge's parents, Mr. and Mrs. C. I. Mentzer.

THE SANTA CLARA Orchid Society held its spring show on Thursday and Friday, April 8 and 9, in the American Trust Bank in San Jose. White phalaenopsis exhibited by R. E. Alberts won first, second and third prizes in its class. A clean sweep that isn't at all surprising to any of us who have had the pleasure of visiting the Alberts' orchid house.

THE NEWARK Cub Pack has been reregistered with Gary Armstrong, the new Cubmaster, and Paul Brewer, assistant Cubmaster. Mildred Brewer will serve as secretary and Clark Redecker, treasurer. Committee chairman is Delmer Jones and assistant committee chairman will be James Robertson and Frank Ferry will serve as awards chairman. Recreation will be headed by Jim Spence and assistants will be Roy Jensen, Andy Blazian, David Seifert and H. J. McDermott.

THE TOOL LIBRARY will be in charge of H. J. McDermott; handicraft, Alex de Knoop; forms chairman, Delmer Jones, and publicity, Ken Foster. With this fine group of leaders and some volunteer help from fathers, the seven dens can be kept busy and derive a great deal of learning and pleasure from their Cub activities.

MR. AND MRS. Robert Spurgeon and daughter, Pat, enjoyed having Mr. and Mrs. Harold Lima and son, Kenny, as their Easter guests. Pat was a busy girl, fixing a special Easter basket for her horse, Lucky, and 4-month-old collie pup, Chris, who have become bosom pals.

MR. AND MRS. Frank King of Modesto spent a few days visiting the Charles Davis family last week. Speaking of Modesto gives us another clue, Mrs. Everett Moss was in town with her three little girls, Ilene, Carolyn and Sandy, for a few days visit with mom, Mrs. Josephine Beshears, and family.

MRS. DAISY SNOW spent Easter week visiting with Earl and Norma Willburn and the little Willburns and returned home to those cooling Oakland breezes last Saturday.

EASTER was a pleasant day for Mr. and Mrs. Joe Trindade and Mr. and Mrs. Jack Gaunt (home on a week-end pass from Fort Ord) as they enjoyed dinner in Mrs. Trindade's brotner's home in Hayward. Their hosts were Mr. and Mrs. Bud Sousa and family.

AFTERTHOUGHT . . . If all of Newark's cooks specialize in desserts, howcum all the slender and ummmmm figures around town? Does all the special cookery go to the old man? The guy who can't appreciate a trim ankle is already dead . . . famous last words.

THE EX-NEIGHBORS of Gene and Wanda Lewallen became neighbors for sure once again last Tuesday night when the 800 block of Magnolia welcomed G&W "back home" with one of their specialties—a block party. The "back home" was only a week vacation but excuse enough for the gang to get together again. Back in Arizona the events of that night will give them something to hash over as well as the reminiscing of the visit with mom, Mrs. Inez Sudbury, and all the other assorted Sudburys, Arlon, C. D., Raymond, Leonard, etc., & Co.

HANG ON, folks, and we'll try to get you through this maze. Melvin and Doris Vargas celebrated their thirteenth wedding anniversary on Friday, April 16. Their son, Kenneth, celebrated his eleventh birthday on Saturday, the seventeenth, so the whole family, including Ken's brother and sister, Jerry and Joan, enjoyed dinner and a show in Oakland..

NOW, Manuel Vargas, father of Melvin, grandfather of Ken, etc., etc., had a birthday on April 14 so to avoid any further confusion Manuel and Lillian came over to Melvin's home on Easter Sunday for one big general family celebration. A wonderful idea excepting that Joan was looking forward to the not too pleasant prospect of having her tonsils removed on Wednesday, that's yesterday. That's what we would consider a fairly busy family. Are you still with us?

THE CONFRATERNITY of St. Ann will meet at the Youth Center at 7:45 on Wednesday, April 28. A cancer film will be shown. Mary Gastelum will be refreshment chairman, assisted by Emma Dias, Clara Faria, Helen Fontes, Lida Francis, Mildred Guido and Rita Goularte.

MR. AND MRS. Victor Reichmuth and youngsters, along with the David Reichmuths, cooled off last Saturday by dunking their tootsies in the creek in Niles Canyon in between forays among the pickles and chips on the picnic table.

WE HEAR that Mrs. Joe Simas is in Civic Center Hospital quite ill. We are certain that the next report will say she is improving and her friends will drop up and say hello.

UMMM. We hear from a reliable source that the executive board members of Rheem Manufacturing were entertained at dinner on Wednesday in the Manuel Vargas home in Warm Springs . . . fraternizing?

MR. AND MRS. L. M. Potts and family drove up to Concord to enjoy Easter with the Russell Potts family. Manuel and Betty Homen and children took a two-minute drive over to the Manuel Homen Sr. home where they spent an enjoyable Easter Day.

FRANK BORGHI, DECOTO, FILES FOR HI SCHOOL TRUSTEE

Frank Borghi Jr. of Decoto has filed for trustee of the Washington Union High School at the election on May 21. He is a vice president of the Decoto Chamber of Commerce and a director of the Washington Township Chamber of Commerce and a member of the Township Men's Club.

The oldest tree growing in the State of Texas is a cypress at Colcan, estimated to be 4000 years old.

Ranch House Plan Suits Any Area

This modern ranch home with a California touch has a fresh new look. Because it is practical for any climate, American Builder magazine, 79 West Monroe St., Chicago 3, Ill., has selected it as Plan No. 196AN.

The plan includes a combination living and dining room, kitchen, three bedrooms, bath and carport. Both corner bedrooms have cross ventilation. The heating unit is in a small, specially designed room between the living room and bathroom.

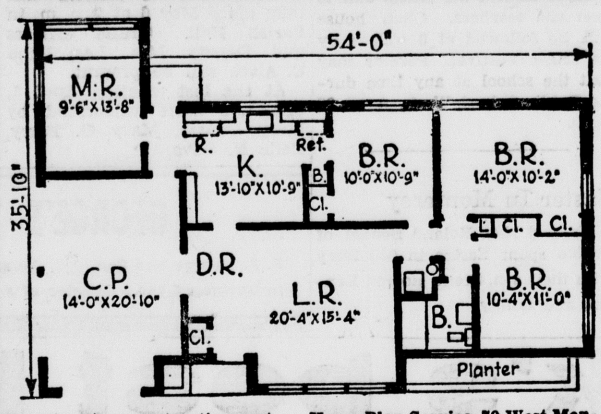
The "Monterey" room adjacent to the kitchen and at the rear of the carport could serve as a bedroom, a workshop, a utility room or a playroom.

Specifications call for both fixed and awning windows of ponderosa pine. They are painted to match the redwood siding. A panel "decorator" door, also of ponderosa pine, is painted green, harmonizing with the green asphalt roof. The carport walls are finished in knotty pine paneling, making the carport attractive for use as a summer patio.

Exterior walls are frame and brick veneer. Part of the siding is redwood lumber. The trim around the entrance is stone.

The house is designed for future expansion. The carport could be enclosed and the area converted to a bedroom and bath. A future garage could be erected at the side of the carport.

The dwelling has an area of 1,103 square feet, a figure useful in estimating construction cost.



(Detailed building plans are available from American Builder Home Plan Service, 79 West Monroe St., Chicago 3, Ill. Refer to Plan No. 196AN.)

California honey production in 1953 was 23,628,000 pounds.

California ranked fourth in flaxseed production in 1952.

MARINE TRAINEE

Marine Pfc. Milton M. Heinz, son of Mr. and Mrs. Milton L. Heinz of 821 Olive st., Newark, is undergoing four weeks of individual combat training at Camp Pendleton, Marine Corps training base near San Diego.

Fenugreek seed is from an annual plant of the pea family.

HOME OWNERS QUESTION BOX

Q—Is there any way to make screws "bite" in wood or plaster holes which have become too large?

A—Yes. Roll steel wool into a long, narrow wad and force it into the hole with a pencil. The screw will turn into the steel wool, taking a firm grip.

Q—My roof has been repaired several times recently, but new leaks continue to appear. How can this be corrected so that I can rely on the roof to keep out rain?

A—Your trouble is that your roof is so old and weathered that patching is futile and you need a complete reroofing job. H. R. Snoke of the National Bureau of Standards says that "a single apparent leak in a badly weathered roof is probable evidence of other similar leaks that have not been noticed and is usually the forerunner of other, larger leaks that will appear in a relatively short time." He points out that reroofing is the only solution when repair is not practicable. Durable asphalt shingles can be laid on top of most old roofs for new protection from the weather.

Q—What steps should be taken to preserve a piano?

A—The piano should be placed so both its ends are equally distant from a radiator, a register, or a stove. It should not be placed near a window frequently left open for long periods. Every effort should be made to keep the piano in a dry area because dampness will rust the metal parts and swell the action.

The root of a perennial plant which flourishes in the tropics provides ginger.

Township Homes and Gardens

GARDENERS' CHECKLIST

By CALIFORNIA ASSN. OF NURSERYMEN

Week of April 22.

1. Earwigs are abundant in some gardens. Bait them with a specially prepared earwig bait. Adequate control can also be effected by dusting the plants and the ground about them with a chlordane dust.

2. Caterpillars are now eating the leaves of many weeping willow trees and English ivy plants. These are easily controlled by spraying.

3. This is the planting time for tuberous begonias, gladiolus and dahlia bulbs.

4. Hot weather vegetables can be planted now: Cucumbers, squash, beans, sweet corn, tomatoes, peppers and egg plant. In some localities protection from late frost should be provided.

Kiwanis Whist April 23

A whist party, given by the Kiwanis Club of Newark, will be held in the Newark School auditorium on Friday, April 23. The starting time is 8 o'clock and all the awards will be coffee.

Ken Foster is general chairman of the whist party arrangements and he announces that the PTA ladies will serve refreshments.

Feed Lawn and Garden While Sprinkling

A quick, effective and "painless" method of fertilizing lawns and gardens, simultaneously with sprinkling, has been made available to the home gardener. Through use of a new, low-cost, high-strength plastic applicator, called the Foliator, concentrated water-soluble fertilizer is drawn from the bucket, properly diluted and ejected through the hose nozzle. It can also be used with any lawn sprinkler, giving the gardener time to go about other chores—or to relax. If a rotary sprinkler is used, it may be moved occasionally and the bucket re-filled with plant food. The applicator may be seen just over the bucket, inserted between two sections of hose. A clear, flexible plastic tube extends into the bucket.

Panel Doors Historically Correct

Wood panel doors are historically correct for the modern ranch house.

On the American continent, panel doors were first used by the Spanish dons, Mexican landholders, and other pioneers. They had brought this door design from the homes of Spain and Italy.

In the ranch houses of the old West, panel doors were an integral part of an easy, livable style—a style now adopted for contemporary homes.

"Walk-in-the Water," first steamboat on the Great Lakes, sailed from Buffalo Oct. 10, 1818.

Cotton exported through San Francisco in 1952 was worth approximately $45,000,000.

Newark Recreation District Plans for Summer

The Newark Recreation District announces plans for a summer program of activities which will include a twilight family program from 6 to 9 each evening and swimming for youngsters.

The swimming program will be carried out at Hidden Valley Ranch four mornings of the week from 10 a. m. until noon. There will be free swimming for all and instructions available on Tuesday, Wednesday, Thursday and Fridays for a six-week period. There will be a small fee per person for transportation.

An arts and crafts program being planned for the Youth Center will require some volunteer help to materialize.

READ THE WANTADS!

Parents' Night for Centerville Scouts

Scout awards will be made and Parents Night observed tonight, April 22, at 7:30 p. m. in Centerville Grammar School auditorium.

Merit badges will be awarded and advancement in rank awards presented for first class, second class and Tenderfoot Scouts.

Parents will receive miniatures of badges received by their boys. Parents and friends of Centerville Troop 1 are urged to attend this event.

There will be an open discussion by parents and Scout leaders regarding activities of their boys and especially a discussion of plans for Scouts to make the June trip to Diamond "O" Camp.

Refreshments will be served after the meeting.

P. G. & E. Awards Here Honor 42 Workers

A dinner honoring 42 employes in the East Bay division of Pacific Gas and Electric Company for their years of public service was held Tuesday at the International Kitchen, Manager Peter D. Juhl announced today.

Service badges were presented to the honored employes for five-year periods of employment ranging up to 40 years. Awards went to the following local men:

Walter R. Steinmetz, Newark substation, 35 years; Alfred J. Silva, Newark, 15 years; Marvin K. Brannon, Newark substation, five years; Bernard R. Morones, Niles office, five years.

POPULATION TREND

Two New High Schools Needed Soon, Hird Tells Local Trustees

Phenomenal growth of Washington Township indicates not one but two new high schools will be neded here within three years.

Irving Hird, vice principal of Washington Union High, has submitted this report to his trustees. They are slated to pick at least one of the new sites before summer.

Hird's findings are based on statistics obtained from the Alameda County Planning Commission, real estate developers and district superintendents of Washington Township schools.

The report warns that within the next three years there will be a total of 4243 houses in the Alvarado, Decoto, Niles area, 4376 in the Irvington, Mission San Jose, Warm Spring area, and 4095 in the Alviso, Centerville and Newark districts.

These figures point to possible locations for future school sites, J. V. Goold, district superintendent, hinted this week.

Homes expected to exist in Washington Township communities within the next three years are listed by Hird as follows:

Alvarado, 300 (present number, with no indication of immediate housing development).

Alviso, 150 (also present figure, with expansion of a tract in the Centerville area expected to reach Alviso within a few years).

Centerville, 1100 now, 1927 projected.

Decoto, 1500 now, 2118 to materialize with a proposed new tract and other building programs.

Irvington, 700 now, 3661, including several building programs now under way or proposed.

Newark, 1100 now to increase to 2018 with projects for 500 new homes already started.

Niles, 1325 now, with 500 homes to be added in three new tracts.

Mission San Jose, 430 now to increase to 590 under announced plans.

Warm Springs, 125 now with no definite announcement as to the development expected to result from the new Ford plant at Milpitas.

Hird said there are now 23 tract maps on file in the high school office, with a total of 1965 houses to be built by about 16 developers.

The present high school will have about 1500 pupils—its maximum capacity—by the time its present $1,000,000 annex is finished this winter.

Senior Play Ducats Now on Sale

Tickets for the Washington Union High School senior play, "The Man Who Came to Dinner," went on sale this week with the members of the class of 1954 serving as salesmen.

The play, to be presented on Thursday and Friday evenings, May 6 and 7, is directed by Ronald Lambert, dramatics instructor.

Heading the cast is Ronald Schlosser as Sheridan Whiteside. Others include Georgia Anderson, Valeria Correa, Bob Rehrig, Carolyn Nobles, Laurel Mayer, Cookie Hernandez, Shirley Caldwell, Jackie Real, Don Phillips, Bette Lewis, Phil Lammi, Barbara Talley, Larry Stewart, Chester Caldeira, Allan Olk, Carl von Euw, Joe Abreu, Jim Chrysler, Art Goularte, Elaine Thornburug, Dan Davis, Don Springer, Joe Silva, Gilbert Prevette Bob Hird and Clarence Souza.

Assisting Lambert are Novalene Scott, Beverly Spurlock and Marlene Andrade.

Senior Class President Joe Sanchez is in charge of ticket sales and is being assisted by Matilde Rodarte and Thelma Jo Hamilton. Admission will be 50 cents for adults and 25 cents for students. Tickets will be good for either Thursday or Friday evening.

School Burglarized

Burglars broke into the Warm Springs Elementary School twice over the Easter holiday, Principal George Clary reported Monday.

Clary said the intruders apparently used a pass key to effect entry over the week end of April 10-11, then returned last week end to finish the job.

Loss included $3 in Red Cross funds.

CHICK HARVEST

George and Elsie Silveira, of the L & V Store, Centerville, reported they gave away more than 3500 baby chicks last Saturday by advertising them to eager Townshippers. Cars were backed up past the high school to get the free chicks.

Huskies 4, Menlo 0; Santa Clara Next

Behind the three-hit pitching of right-hander Bob Hird, the Washington Huskies shut out the Menlo Bears, 4-0, last Wednesday on the local diamond.

Hird allowed the Bears two singles in the initial frame, then settled down to hurl one-hit ball in blanking the out-of-towners. Hird struck out seven and walked two against the previously once-beaten Bears.

The Malemutes picked up their first tally in the second stanza on a walk, sacrifice and two Bear errors.

The Huskies exploded for three runs on four hits in the third inning. The biggest blow in the inning was Center Fielder Allan Olk's two-run single into center field.

While Hird was blanking the Bears, Left Fielder Frank Velarde paced the Husky hitters, picking up three singles in three tries.

The Huskies resume league play today, as they play host to the undefeated Santa Clara Panthers. The Panthers, behind the pitching of Carl O'Gwinn, have won their first two league games.

Score by innings:

CLUB.	1	2	3	4	5	6	7	R.	H.	E.
Menlo	0	0	0	0	0	0	0	0	3	2
Washington	0	1	3	0	0	0	*	4	6	1

Husky box score:

	AB.	R.	H.
Velarde	3	0	3
Santos	3	1	1
Pineda	3	1	1
Bellati	3	0	0
Hernandez	1	2	0
Olk	3	0	1
Von Euw	2	0	0
Stefans	2	0	0
Hird	2	0	0

PTA Meeting Eyes School Administrators

"The Administration Steers the School" was the theme of the recent meeting of the Washington Union High School Parent-Teachers Association.

Following the regular business meeting, conducted by Mrs. J. A. Silva of Niles, District Superintendent and Principal J. V. Goold and Vice Principal Irving Hird were introduced.

Goold spoke concerning the present building program which will make it possible to house about 1600 students and to offer them a broader curricular offering. However, he added, one definite problem remains to be faced for the 1954-55 school year. The expected enrollment will make it necessary to add 10 new faculty members, five new custodians and an additional school bus. To meet these added expenses, and to be able to staff and maintain the enlarged school plant, voters of the district will be asked to approve a 50-cent tax increase.

For many years a tax of 75 cents per each $100 of assessed property valuation has been authorized by the state. The majority of high school districts have exceeded this maximum tax rate and the Washington Union High School has just now reached the point where a tax increase is imperative. Goold urged acceptance of this tax boost at the school elections on May 21.

Irving Hird, vice principal, reported the findings of his recently conducted survey of township housing, both present and future. By 1957, without any new growth, there will be nearly 2000 students of high school age. It is obvious that the present high school will not be able to house this number. With development of many new housing units it will eventually be necessary to have three high schools in the district. Upon these survey findings the administration has recommended that the Board of Trustees purchase sites for two additional high schools.

READ THE WANTADS!

WUHS OPEN HOUSE SLATED IN MAY

Throughout the nation, the week of April 26-30 has been designated as "Public Schools Week." During this week all residents are invited to visit the schools in their localities and to become better acquainted with this vital part of their children's lives.

So that parents and friends may visit both their local elementary school and the high school, Washington Union High School has scheduled its "open house" on Monday evening, May 3. On that evening between 7 and 10, the various departments will have displays, exhibits and demonstrations to illustrate the various classroom activities.

The four class counselors, Mrs. Leola Hyde, Miss Gay Knoles, Miss Lois Nicholson and Judson Taylor, will also be on hand to talk with the parents of students in their respective counseling groups. All teachers will be taking a part in the various exhibits with the assistance of many of the students.

Public School Week Set at Irvington

Superintendent Gus Robertson announced today that classrooms will be open at Irvington Elementary School from April 26 to May 6, for visits by parents, during the local observance of Public Schools Week. Everyone is invited.

Besides inviting parents to school, Robertson seeks their participation in several special events:

On Friday, April 30, at 2:30 p. m. parents and teachers will play softball and volley ball on the school grounds, as a way of getting better acquainted.

On Thursday, May 6, at 8 p. m., children of Miss Diane Mento's seventh grade will present a play, "What Children Expect of Parents," at the installation of officers of the Irvington Parent-Teachers Association. The program will also feature a panel discussion.

Observance of the thirty-fifth annual Public Schools Week has been extended over a longer peripd in Irvington to enable more parents to participate.

School Music Fete

The Newark School Music Festival will be held Thursday, April 29, in conjunction with Public School Week. The school orchestra will play, and there will be selections by the chorus under direction of Mrs. Arthur Kipp. Beginning music students will make their first public appearance, as will the sixth grade Tonette group, directed by Ed Maughan. The program will include a folk dance by the school children.

The school is holding open house that evening from 7 to 8 o'clock; the teachers will be in the class rooms, and parents are invited to inspect the school and to meet the teachers. Open house will be followed at 8 o'clock by the Music Festival. Parents may visit the school at any time during Public School Week, April 26 to 30.

Easter In Monterey

Mr. and Mrs. Roland Bendel of Decoto spent Easter in Monterey with their son, Lieut. Roland Bendel, and family.

SPRSI INSTALLS IN CENTERVILLE

Marie Duarte is new president of SPRSI Council No. 4 of Centerville, following elections early this month.

Other officers include: Past president, Belle N. Silva; vice president, Palmyra de Valle; secretary, Marie Brazil; treasurer, Mary Furtado; mistress of ceremonies, Helen Mae Lewis; marshal, Angie Bettencourt; guard, Palmyra Mosegaard; pianist, Helen E. Lewis; surgeon, Dr. G. Romito.

Directors are Carrie Peixoto, Mary Trinidade, Mary L. S. George.

Installation of officers will take place May 6 at 2 p. m. in Parish Hall. Grand officers and Deputy Mrs. Leopoldina C. Alves will be present.

At the last meeting April 1, birthdays were celebrated by Mary Duarte, Mary G. Perry, Belle N. Silva.

SOFTBALL SIGNUP

Team entries still are being sought for the Township Softball League, according to Pete Nunes, president. Two leagues will be played this year, and seven entries have been received.

TO SACRAMENTO

Eighth-graders from Alvarado School travelled to Sacramento this week to view the Capitol and Sutters Fort, according to Principal Lester Maffey.

LEGAL NOTICE

SUMMONS

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF ALAMEDA.

No. 256661 Dept. 1

LOUISA AMELIA GOULART, as Executrixe of the Last Will of J. P. AMARAL, also nown as JOSE PEREIRA AMARAL, JOE P. AMARAL, and JOSEPH P. AMARAL, Deceased, Plaintiff,

vs.

S. S. LAKE; J. S. MARSTON; S. J. MARSTON; J. M. MOORE; WALTER BAKER; S. S. LAKE, J. S. MARSTON, S. J. MARSTON, J. M. MOORE and WALTER BAKER as trustees of the METHODIST EPISCOPAL CHURCH; and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in Plaintiff's Complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto. Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

S. S. LAKE; J. S. MARSTON; S. J. MARSTON; J. M. MOORE; WALTER BAKER; S. S. LAKE, J. S. MARSTON, S. J. MARSTON, J. M. MOORE and WALTER BAKER as trustees of the METHODIST EPISCOPAL CHURCH; and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in Plaintiff's Complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants:

You are hereby directed to appear and answer the Complaint filed in the County of Alameda, in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Alameda, within ten days after the service on you of this Summons—if served within said County, or within thirty days if served elsewhere.

The object of said action is to obtain a judgment and decree of said Court adjudging and declaring that neither of said Defendants, nor any of them, have any right, title, estate, lien or interest in, to or upon the real property in said Complaint and hereinafter described, or any part or portion thereof, adverse to Plaintiff's ownership of any cloud upon Plaintiff's title thereto and that the title of said Plaintiff in and to said real property and every part and portion thereof is good and valid and that said Plaintiff is entitled to have said title quieted against said Defendants, and each of them, and that said Defendants, and each of them, be forever enjoined and debarred from asserting any claim whatever in, to or upon said property, or any part or portion thereof, adverse to said Plaintiff.

That said real property consists of all that certain real property situated in the Township of Washington, County of Alameda, State of California, described as follows:

BEGINNING at the intersection of the northeastern line of County Road No. 397 leading from Centerville to Irvington, with the northwestern line of Lot 43, as said lot is shown on "Map of the August May Tract, Centerville, Alameda Co., Cal.," filed March 26, 1906, in book 21 of Maps at page 7, in the office of the County Recorder of Alameda County, and running thence along the northeastern line of said road northwesterly 53.12 feet, more or less, to the northwestern line of Survey No. 73 of the Official Connected Plat of the Ex-Mission San Jose; thence along the last named line northeasterly 274 feet to the northeastern line of said Survey No. 73; thence along the last named line southeasterly 53.12 feet, more or less, to the northwestern line of said Lot 43, and thence along the last named line southwesterly 274 feet to the point of beginning.

You are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint as arising upon contract or will apply to the Court for any other relief demanded in the Complaint.

WITNESS my hand and the seal of the Superior Court of the State of California, in and for the County of Alameda, this 31st day of March, 1954.

SEAL

JOHN JOSEPH KINGSTON, Clerk.
By EUGENE J. DONLON, Deputy.

E. A. QUARESMA,
Attorney for Plaintif,
Niles, California.

DECOTO NEWS

By GRACE CAMINADA

MRS. ETHEL AVILLA was hostess at a luncheon held at the International Kitchen when the Decoto Discussion Group. met on April 7.

The ladies then gathered at the home of Mrs. Dora Mae Scudder in Niles to discuss the novel, "Desiree." Mrs. Hester Thomas of Hillview Crest led the discussion.

"Desiree" is the true story of Desiree Clary, a Cinderella from Marseilles, who followed her heart to a throne in the glittering years of Napoleon's rise and fall.

Desiree married Marshal Bernadotte, and her story ended triumphantly with the founding of a new royal dynasty, the Bernadotte Kings of Sweden. The author, Anne Marie Selinko ,tells her story with simplicity and charm, underlining great moments of history with the small fascinating personal details that make a woman's world within the dazzling courts of Europe.

The group will meet at the home of Mrs. Scudder in Niles at their next meeting in May. Mrs. Harkelroad will lead the discussion on the book, "The Dark Moment."

JIMMY GONZALES escorted his attractive daughter, Betty, to the altar of the Holy Ghost Church in Centerville on Easter Sunday when she became the bride of Eldin Andrade, son of Mr. and Mrs. William Andrade. Father Breen officiated at the nuptials.

The gown worn by the bride was of white lace and nylon net with a long chapel train. The neckline was scalloped and trimmed with sequins and seeded pearls. Betty carried a bouquet of bouvardia which was centered with a white orchid.

The bride chose her sister, Rosemarie Gonzales for maid of honor. Bridesmaids were Jerry Rebello of Oakland, Rita Sanchez of Decoto and Betty Gibson of San Leandro. They wore pastel shades of nylon shantung with matching hats. They all carried colored carnations to match their gowns.

Eldin chose Wilbert Andrade of Centerville as best man with H. R. Shamblin of Pleasanton, Freddie Sanchez of Decoto and Kenneth Roderick of Hayward as ushers.

Mrs. Velma Lewis was organist. The altar was decorated with Easter lilies. The family pews were tied with lovely carnation clusters.

The bride's mother wore a rose-colored taffeta dress with a white stole. She wore a baby blue hat and navy blue accessories. Her outfit was touched off with a white orchid.

Mrs. Andrade chose for her son's wedding a beige crepe dress with an orchid flowered hat and gloves. Her shoes and purse were purple-colored. A brown fur stole and white orchid corsage completed her ensemble.

A wedding reception and buffet luncheon for 600 guests was held at the Veterans Memorial Hall in Niles.

Betty graduated from the Decoto School and attended Washington Union High School. Eldin also attended Washington Union High School and served in the armed forces.

Betty's parents, Mr. and Mrs. Jim Gonzales, reside at 700 Sixth st., Decoto. Eldin's parents, Mr. and Mrs. William Andrade, mailing address is R. F. D. Box 209, Newark. The couple's engagement was announced last August.

After their honeymoon the couple will be at home in Centerville.

MRS. DOROTHY PEREZ was hostess at her home at 523 Railroad ave. recently with Frances Gonzales and Bernice Perez as co-hostesses at a stork shower given for Betty Ortiz of San Francisco. Betty is the former Betty Torres of Decoto.

The refreshment table was decorated attractively with baby motif designs and booties favors.

Betty received many lovely gifts for the "wee one." Approximately 35 attended.

The ladies wish to thank all those who attended and brought those nice presents.

THE CAMINADA home has added another guest since our favorite nephew came to spend several days with us last weekend.

VIC CROCE had his daughter, Charlotte, and husband of San Francisco joined Rose and Howard Vincent here at his home for Easter Day dinner.

THE CAESAR FERRARIO family motored to Menlo Park on Easter Sunday.

EDDIE BLAIR of Hayward spent several days with his aunt, Ramona Fine, and daughters. Ramona and girls also spent some time during Easter vacation at the home of Laura and Ray Cadman and family of San Jose.

ESTHER ABEL RIPOLL is proudly announcing that she and her husband became parents of a baby girl. Rena, born at the Hayward Hospital on April 13, tipped the scales at 6 pounds 7 ounces. Esther and hubby reside in Hayward.

DR. MORGAN LEE and family spent a week-end at Chico recently and managed to "sneak away" for a few days vacation motoring here and there, during the Easter week holiday.

JACK AND KATIE LUNA held a family dinner for their children on Easter Sunday.

PHILIP AND MARJORIE MONTE and children motored to Alum Rock on Easter Sunday to join in on the Easter egg hunt.

YOUR REPORTER and husband served Easter Day dinner to the Nick Tedeschis of San Leandro, the John Tedeschis, who are visiting here from Los Angeles, the Joseph Buonassisis of Novato. I'll have lots of candy on hand for a while.

THE HALL at the Holy Rosary Church which was remodeled and worked on by the Guadulupe Society was dedicated last Sunday. A luncheon was served and food was sold throughout the day to guests who dropped in. A film, "The Passion of Our Lord," was shown in the afternoon to the children and in the evening to the adults. Dancing was enjoyed during the day also.

THE CONGREGATION gathered at the 8:30 a. m. Easter Mass services held at the Holy Rosary Church heard the lovely choir of girls, who with the help of the Sisters of the Holy Family, especially Sister John, made a lovely Mass for that day. Many compliments have reached my ears, girls, so keep up the good work.

LEGAL NOTICE

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN that the Sanitary Board of Union Sanitary District, Alameda County, California, hereby calls for sealed proposals to be delivered to said Board at its office, 116 Baine Avenue, Centerville, California, until May 12, 1954, at 8:00 o'clock p. m., at which time and place said bids will be opened, for the furnishing of all labor, materials, mechanical workmanship, equipment, transportation and services required for the construction of a road from the intersection of George Street and Hickory Street, Newark, California, southerly and westerly to the existing road west of Hickory Street.

Said bids shall be presented in accordance with the plans and specifications for said work prepared by Harry Goodridge, Engineer, which are on file at the office of said Sanitary Board, and which may be obtained, without charge, at the office of the District, 116 Baine Avenue, Centerville, California, Mondays through Fridays, from 12:30 to 1:00 o'clock p. m.

Bids must be made on proposals obtained with said plans and specifications at the office of said Board and must be signed by the bidders and accompanied by a cash deposit, cashier's check or certified check, certified without qualification and drawn on a solvent bank of the State of California, or a national bank doing business in the State of California, and made payable to Union Sanitary District, to be retained by said District as agreed and liquidated damages should the party or parties to whom the contract should be awarded fail to enter into the contract after the award, or to give the bond required for the faithful performance of the contract, or any other bond required by law. The amount of said cash deposit, cashier's check, or certified check, shall be for at least 10% of the amount of the bid, but in no case to exceed $5,000.00.

The contractor and all subcontractors under him must pay all laborers, workmen and mechanics on said work, or any part thereof, not less than the general prevailing rate of per diem wages for day, legal holiday and overtime work, for work of a similar character in the locality in which the work is performed (to-wit: Union Sanitary District), which per diem wages shall be not less than the stipulated rate contained in a schedule thereof which has been, ascertained and determined by said Sanitary Board and which is now on file in its office and by reference incorporated and specified herein and made a part hereof, and which said general prevailing rates of per diem wages, as hereinabove referred to and adopted for each craft or type of workman or mechanic needed to execute this contract, is hereby specified as follows:

Craft or type of workman	Rate per hour
Carpenters 8 hrs.	$2.60
Operating Engineers 8 hrs.	
Blade grade operator finish	$2.53
Compressor	$2.28
Concrete mixer up to 1 yard	$2.28
Concrete mixer over 1 yard	$2.61
Hoisting building material	$2.41
Oilers and firemen	$2.28
Roller operators	$2.67
Shovel operators up to and including 1 yard	$3.00
Shovel operators over 1 yard	$3.11
Truck crane operators	$2.83
Tractor operator	$2.67
Laborers 8 hrs.	
General labor	$1.85
Concrete workers, wet and dry	$1.85
Handlers of jack hammer and pneumatic tools	$1.95
Watchman working	$1.85
Sewer	$1.85
Teamsters 8 hrs.

Dump trucks over 4 yards and under 6 yards	$2.00
Dump trucks over 6 yards and under 8 yards	$2.19
Dump trucks over 8 yards	$2.60
Road oiler	$2.15
Bootman	$2.08

Overtime rates

Truck drivers: Time and one-half.

Laborers: Time and one-half for 4 hrs. after 8 hrs. work; double time thereafter; double time for all work before 8:00 A. M.

Carpenters: Time and one-half for 4 hrs. after 8 hrs. work; double time thereafter.

Cement Finishers: Time and one-half for 2 hrs. after 8 hrs. work; double time thereafter.

Operating Engineers: Double time.

Plasterers and plasterers' tender and brick layers: Double time.

All skilled labor not listed above that may be employed is to be paid not less than the union wage scale provided there is such a scale established in this locality, and in no event to be paid less than One and Fifty-five Hundredths Dollars ($1.55) per hour.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen, and mechanics employed by them in the execution of the contract.

Properly indentured apprentices may be employed upon this work in accordance with the State Law. Such apprentices shall be properly indentured as called for by law and shall be paid not less than the standard wage paid to apprentices under the regulations of the trade at which they are employed or in the event the same are higher, not less than the wage rates herein set forth for such apprentices. An apprentice shall be employed only at the work of the trade to which he is indentured. Anything herein to the contrary notwithstanding, the initial wage to be paid an apprentice shall be not less than twenty-five percent (25%) of the journeymen's wage being paid and shall be increased each six months in an amount not less than fifteen percent (15%).

Anything to the contrary in the above wage scale notwithstanding, the contractor and all subcontractors under him shall pay all their laborers, workmen, mechanics and employees on said work a salary or wage at least equal to the prevailing salary or wage for the same quality of service rendered to private persons, firms or corporations under similar employment in the County of Alameda.

The per diem wage rate is the hourly rate hereinabove established multiplied by the number of hours hereinabove mentioned as constituting the working day for the particular craft or type of workmen.

The District reserves the right in its discretion to reject any or all bids and to waive any irregularity or informality in any bid.

By order of the Sanitary Board of Union Sanitary District, Alameda County, California, April 20, 1954.

S. G. SCOTT,
Secretary of said Sanitary Board.

MISSION SAN JOSE NEWS ITEMS

By REGENA SCHNEIDER

ON EASTER MORNING, your reporter, Regena Schneider, became the bride of Leo Dennie at 7:30 a. m. nuptial rites in St. Joseph's Church, Mission San Jose. The Rev. Father John Leal officiated.

The bride was attired in a gray blue street-length dress with red accessories. She wore an orchid corsage. Matron of honor was the bride's sister, Mrs. Cecilia Costa, Niles, and Jack Pereira of Mission was the best man. A wedding breakfast for the wedding party, family and friends was held at the home of the bride's parents. Following the breakfast, the couple left for a honeymoon at an undisclosed destination. They will make their home in a recently purchased home at 343 Lemarc st. in Mission.

Regena is employed at Navelets' in San Jose and is a member of the Catholic Daughters of America and the Native Daughters of the Golden West. Leo is an employe of Pacific Electric in San Jose and has his own TV and radio repair service at his home.

The new Mrs. Dennie was honored at three showers prior to her wedding. Mrs. Cecilia Costa was hostess to a kitchen shower on April 3. The feature of the evening was a beautifully decorated wedding cake and sandwiches cut into the shapes of hearts and diamonds. The N. D. G. W. also hosted a miscellaneous shower in honor of Regena on April 8, while on April 10 she was again honored with a lingerie shower given by Mrs. Helen Murphy, Mrs. Teddy Pereira and Iris Loston.

JOE FRATES, formerly of Mission, visited old friends here on Easter Sunday.

THE LOUQUE TWINS, Freddie and Nickie, sons of Mr. and Mrs. Frenchy Louque, formerly of Mission, are stationed at Fort Ord attending cooking school.

THE ED CHAMBERS family entertained dinner guests on Easter Sunday. The guests were Mrs. Mary Williams and son, Augustine Williams of Mission, Mr. and Mrs. Laurence Williams and family of Redwood City and Laurence "Nonie" Fernandez home from Fort Ord. "Nonie" will be home again on Friday for a 10-day furlough after which he will leave for Camp Sam Houston in Texas.

EASTER SUNDAY guests at the home of Mr. and Mrs. Laurence Rogers were Laurence and Mary Rogers, Centerville; Frank and Lorraine Rogers, Castro Valley, and Mr. and Mrs. Rodrigues, also of Castro Valley.

MR. AND MRS. C. F. HENRY, Enos street, motored to San Gabriel and Los Angeles over the Easter holidays where they visited Mr. Henry's sister and family, the Al Olsens.

MR. AND MRS. JOHN AMARAL attended a family dinner on Easter Sunday at the home of Mrs. Amaral's sister, Mrs. Margaret Thornton in Oakland.

CATHOLIC DAUGHTERS OF AMERICA will have a potluck supper, 6:30 p. m., Monday, April 26, at the Parish Hall. The event will honor the recently initiated members.

MR. AND MRS. JOE GARCIA and daughter were Easter guests at the home of Mr. and Mrs. Hardy Burt and family in Citrus Heights.

MR. AND MRS. WARREN WILSON and family entertained Mr. Wilson's parents, Mr. and Mrs. D. L. Wilson and his two brothers from Oakland at a lovely family dinner on Sunday.

BOB BROWN was the recipient of a bowling trophy and cash prize last Wednesday evening at the Village Bowl in San Lorenzo. He is a member of the winning team, "Karl's Paints," in the 775 scratch Commercial League.

RUDOLPH ROGERS, Mission San Jose, and Linda Gonsolves, Centerville, were united in matrimony Easter Sunday afternoon at St. Joseph's Church in Mission San Jose. Rev. Father John Leal officiated. The bride wore a white lace gown with a fingertip veil and carried a prayer book with an orchid for her bridal bouquet. Mrs. Ernie Silva, the matron of honor wore an aqua blue gown with an aqua blue hat and carried a bouquet of yellow carnations. Ernie Silva was best man.

The new Mrs. Rogers is the daughter of Mr. and Mrs. Fernandez of Centerville and the groom the son of Mr. and Mrs. Rudolph Rogers of Driscoll road. The bride's mother was attired in a navy blue dress with an orchid corsage. Mrs. Rogers, the groom's mother, wore a gray suit with red accessories. She also wore an orchid corsage.

Following the ceremony the newlyweds were guests of honor at a reception at the IDES Hall in Mission. Upon their return from a Southern California honeymoon they will reside in Niles awaiting the completion of their new home on Driscoll road.

LAST MONDAY Richard Vargas attended a field trip to the Cow Palace in San Francisco sponsored by the Future Farmers of America. On Thursday, Richard accompanied by Harold Hill were guests of Merle and Delbert Peixotto, Irvington, at their cabin in Martin's Beach, Half Moon Bay.

Thanks for Helping 20-30 Egg Hunt

The Washington Township 20-30 Club would like to thank the following firms and organizations for their contributions to the township Easter egg hunt, held last Saturday.

Almost 500 children took part in the fun, and enjoyed the cartoons that were shown, as well as the many prizes given. Thanks go to:

Irvington Variety, Sears and Houston, Gilstraps Variety, Cozzi's Variety, Kimber Poultry Breeding Farms, Washington Township Sportsmen Club.

Phone Exchange O. K.

Two rezoning issues at Irvington were resolved as requested Monday by the County Planning Commission. They are:

1. Commercial zoning for the proposed $600,000 Telephone Company dial exchange, at the west end of Second Street, and

2. A use permit for a quarry in the hills east of Durham Road, requested by Henry Sand.

JACL PICNIC

The Southern Alameda County JACL will hold its community picnic May 1 at Half Moon Bay, according to chairmen Sam Yamanaka and Set Sekigahama.

Mission Kindergarten

A kindergarten for Mission San Jose next fall seemed assured this week, as school trustees told mothers headed by Mrs. Paul Dunlap they will house the youngsters in IDES Hall, or some other site.

At Monday's trustee meeting, the schoolmen replied favorably to a petition signed by 35 parents, asking for the temporary kindergarten.

Nearly 50 children are expected for the class, which will not be housed in permanent quarters until the new school is finished, more than a year hence.

Niles Chamber Told of Quarry Proposal

At the Niles Chamber of Commerce meeting on Tuesday noon at International Kitchen, Secretary Vernon Ellsworth explained his idea of the main point of the proposed County Quarry Ordinance to have quarries conform to the beauty and surrounding area, and its security and welfare.

Dick Nicklasson of Niles Machine and Tool Company emphasized that "the quarries around here offer materials right at hand for building structures, as well as promoting the economic welfare by distributing wages, etc., for our growth."

LEGAL NOTICE

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN that the Sanitary Board of Union Sanitary District, Alameda County, California, hereby calls for sealed proposals to be delivered to said Board at its office, 116 Baine Avenue, Centerville, California, until May 12, 1954, at 8:00 o'clock p. m., at which time and place said bids will be opened, for the furnishing of all labor, materials, mechanical workmanship, equipment, transportation and services required for the construction of a chain-link fence and gates at the disposal plan of the District.

Said bids shall be presented in accordance with the plans and specifications for said work prepared by Harry Goodridge, Engineer, which are on file at the office of said Sanitary Board, and which may be obtained, without charge, at the office of the District, 116 Baine Avenue, Centerville, California, Mondays through Fridays, from 12:30 to 1:00 o'clock p. m.

Bids must be made on proposals obtained with said plans and specifications at the office of said Board and must be signed by the bidders and accompanied by a cash deposit, cashier's check or certified check, certified without qualification and drawn on a solvent bank of the State of California, or a national bank doing business in the State of California, and made payable to Union Sanitary District, to be retained by said District as agreed and liquidated damages should the party or parties to whom the contract should be awarded fail to enter into the contract after the award, or to give the bond required for the faithful performance of the contract, or any other bond required by law. The amount of said cash deposit, cashier's check, or certified check, shall be for at least 10% of the amount of the bid, but in no case to exceed $5,000.00.

The contractor and all subcontractors under him must pay all laborers, workmen and mechanics on said work, or any part thereof, not less than the general prevailing rate of per diem wages for day, legal holiday and overtime work, for work of a similar character in the locality in which the work is performed (to-wit: Union Sanitary District), which per diem wages shall be not less than the stipulated rate contained in a schedule thereof which has been ascertained and determined by said Sanitary Board and which is now on file in its office and by reference incorporated and specified herein and made a part hereof, and which said general prevailing rates of per diem wages, as hereinabove referred to and adopted for each craft or type of workman or mechanic needed to execute this contract, is hereby specified as follows:

Craft or type of workman	Rate per hour
Cement finishers 8 hrs.	$2.67
Iron Workers	
Structural iron worker	$3.00
Structural, foreman	$3.25
Ornamental, outside	$2.85
Operating Engineers	
Concrete mixer up to one yard	$2.38
Compressor	$2.38
Laborers 8 hrs.	
General	$2.00
Concrete workers, wet and dry	$2.00
Handlers of pneumatic tools	$2.10
Watchman working	$2.00
Pipefitter (Journeyman)	$3.00
Teamsters 8 hrs.	
Trucks under 4 yards	$1.95
Trucks over 4 yards and under 6 yards	$2.00

Overtime rates

Truck drivers: Time and one-half.

Laborers: Time and one-half for 4 hrs. after 8 hrs. work; double time thereafter; double time for all work before 8:00 A. M.

Cement finishers: Time and one-half for 2 hrs. after 8 hrs. work; double time thereafter.

Operating Engineers: Double time.

Iron workers: Double time after regular hours and after 5:00 P. M.

All skilled labor not listed above that may be employed is to be paid not less than the union wage scale provided there is such a scale established in this locality, and in no event to be paid less than One and Fifty-five Hundredths Dollars ($1.55) per hour.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Properly indentured apprentices may be employed upon this work in accordance with the State Law. Such apprentices shall be properly indentured as called for by law and shall be paid not less than the standard wage paid to apprentices under the regulations of the trade at which they are employed or in the event the same are higher, not less than the wage rates herein set forth for such apprentices. An apprentice shall be employed only at the work of the trade to which he is indentured. Anything herein to the contrary notwithstanding, the initial wage to be paid an apprentice shall be not less than twenty-five percent (25%) of the journeymen's wage being paid and shall be increased each six months in an amount not less than fifteen percent (15%).

Anything to the contrary in the above wage scale notwithstanding, the contractor and all subcontractors under him shall pay all their laborers, workmen, mechanics and employees on said work a salary or wage at least equal to the prevailing salary or wage for the same quality of service rendered to private persons, firms, or corporations under similar employment in the County of Alameda.

The per diem wage rate is the hourly rate hereinabove established multiplied by the number of hours hereinabove mentioned as constituting the working day for the particular craft or type of workmen.

The District reserves the right in its discretion to reject any or all bids and to waive any irregularity or informality in any bid.

By order of the Sanitary Board of Union Sanitary District, Alameda County, California, April 20, 1954.

S. G. SCOTT,
Secretary of said Sanitary Board.

IRVINGTON NEWS NOTES

By Patsy Pereira

THE IRVINGTON Sewing Club met at the home of Mrs. Mary Freitas on Tuesday for a luncheon and an afternoon of sewing.

LITTLE Marvin Alfred Peixoto Jr. son of Mr. and Mrs. Marvin Peixoto of San Francisco was baptised at Holy Ghost Catholic Church by Father Breen on Easter Sunday afternoon. Delbert Peixoto of Irvington was Marvin's Godfather and Darlene Rose of Centerville was Godmother. Immediately following the baptism there was a gathering at the home of Mr. and Mrs. Thomas Furtado in Centerville.

MR. AND MRS. WARD BROSIUS and family spent Easter at home with a family gathering.

MR. AND MRS. AL KEIP of San Jose visited with his mother Mrs. Carol Keip on Sunday.

MR. AND MRS. WILLIAM HIRSCH Jr. of San Francisco visited with Mr. Hirsch's father, William Hirsch, on Thursday.

MR. AND MRS. DON SILVERIA were given a wedding reception at the P. G. & E. clubhouse on Saturday. The bride and groom were presented with many gifts. The bride is the former Beverly Valles, of James street.

JIM FISHER and daughter Carol of San Francisco visited with relatives here on Saturday.

MR. AND MRS. GORDON GREB motored to Los Angeles over the Easter holiday.

MAY I EXTEND my congratulations to Mr. and Mrs. Leo Denny who became bride and groom on Sunday. Mrs. Denny is the former Regena Schneider, our Mission San Jose news reporter.

MRS. JOE BORGE and son Jackie visited Mrs. Borges father John Silva in Tassajara on Easter.

MR. AND MRS. E. P. Leach and daughter Becky, and Becky's friend Louella Kuhne spent Easter Sunday at Half Moon Bay.

MR. AND MRS. DICK HALE of Concord visited in Irvington on Monday.

IT'S A GIRL for Mr. and Mrs. Joseph Souza, born last Saturday at the San Jose Hospital, weighing 6 pounds, 3 ounces. Her name is Cheryl Ann.

DOROTHY PHILLIPS spent a night visiting with her friend Linda Hall.

MARLENE MENDOZA spent her Easter week vacation in Hayward at the home of her aunt and uncle, Mr. and Mrs. Joe Albert and family.

MR. AND MRS. JAMES R. DALEY and sons Mike and Johnny spent Easter Sunday in Santa Cruz.

MR. AND MRS. CHARLES BREWER and son Gary visited with Mrs. Brewer's parents, Mr. and Mrs. Harvey Moosdorf in Decoto, over Easter.

MR. AND MRS. ED HAYNES and daughter Jackie had Easter dinner at Jack London Square in Oakland.

MR. AND MRS. TOM PEREIRA and daughters Patsy and Charlene had Easter dinner at Lou's Village in San Jose.

GIRL SCOUTS of Troop 20 met at the home of Mrs. Ilean Milatz on Tuesday where they decorated eggs for favors to be put on trays at the Niles Rest Home for their Easter dinner.

DOT ROGERS is feeling better after being ill this week.

Polio Vaccine Tests Okehed

(Continued from Page 1)

series of "shots" will be followed one week later by a second series. Then the second week in June, a final series will be given.

Half the children will receive Salk vaccine, half a "blank" solution. After that, scientists will carefully watch the polio rate in South Alameda County during the polio season late this fall. Keeping coded records on each child inoculated with the Salk vaccine, they will presumably be able to determine its effectiveness if it keeps all or most of the "test" children from contracting polio.

Approval for the use of school buildings in the tests has been given by Niles, Centerville, Newark, Decoto, Alvarado, Alviso, and Mission San Jose.

Irvington's trustees at first declined to act on the project, on the basis that it might be illegal for a school district to take part. However today Al Peixoto, clerk of the board, said a special meeting may be called in view of Coakley's opinion.

In Warm Springs, trustees met last night, too late to record their decision.

On Tuesday in Decoto, two meetings of parents were held in the Decoto School auditorium with Dr. Purdue present to explain the tests.

The FARMERS CORNER

by Allen F. Mather

Executive Secretary Agricultural Council of California

By ALLEN F. MATHER, Executive Secretary, Agricultural Council of California.

FARM LABOR

Recent congressional action has brought forth some interesting information on farm labor. The Congress has acted favorably on and the President has signed House joint resolution 355. This resolution authorizes the Department of Labor to carry on a Mexican national program even in the absence of any agreement between the two governments. Of course, since H. J. R. 355 was approved, an international agreement has been signed, so that there is no longer the urgent necessity for the provisions of this resolution.

The House of Representatives' Committee on Agriculture, in House report No. 1199, summarizes the results of the hearings it held on H. J. R. 355. The report contains some pertinent observations touching on the whole problem of the necessity for a supplemental labor force. It says:

"It is impossible to consider this legislation properly without consideration also of the economic and geographic facts which make some such legislation necessary. In the United States there are certain areas and certain agricultural crops requiring a high degree of hand labor which need agricultural labor in great volume at certain seasons of the year but little or no such labor at other times . . ."

HAND LABOR NEEDED

"In these areas and for these crops it is almost impossible, even in periods of general labor surplus in the United States, to obtain a sufficient number of American agricultural workers to meet the demand at peak seasons of the year. In some instances, climatic conditions add to the difficulty of obtaining American workers for this work.

"Because of climatological factors, much of the area where this labor situation exists lies along the Mexican border. A large proportion of the fruits and vegetables produced in the United States come from the area within 200 miles of the Mexican border. Many of these crops require a very great amount of hand labor at certain seasons of the year. The wages paid for this type of agricultural labor are relatively high."

IMPORTATION NECESSARY

Those here in California who have questioned the need for bringing in additional labor from outside our borders would do well to read the following excerpt from the report:

"The committee found unconvincing the contention of the union spokesmen that the presence of unemployed industrial workers in urban centers at this time or of unemployed agricultural workers in areas far removed from those affected by this legislation at this slack season of agricultural employment, is any indication that American workers willing and able to do the agricultural labor involved in this program will be available for that purpose next summer when the peak demand for such labor is reached."

HISTORICALLY TRUE

We see from the above quotations that once again responsible men charged with determining the need for importation of a supplementary labor force have agreed that we must have it. In California there has been a long succession of different peoples undertake the handwork and stoop labor incident to the production of our more than $2,500,000,000 worth of agricultural products annually.

This trend started with the Chinese laborers originally imported in the 1850s to build the railroads. They, in turn, left farming for other pursuits and were succeeded by Puerto Ricans, Japanese, Hindus, Jamaicans and Mexicans. Without the assistance of these groups, it is probable that California would not today be the No. 1 agricultural state in the Union.

It would seem high time that we put an end to the tub-thumping and chest-beating of recent months. Every responsible official group investigating this problem has reached the conclusion that a supplemental labor force is necessary. Let us recognize this fact and devote our efforts to achieving the best and most workable program.

SCHOOLS ACTIVE IN CENTERVILLE

Mrs. Ellen Hackley and Mrs. Callie Konkel, registered nurses from the University of California, are studying public health nursing in the Centerville schools. Mrs. Hackley and Mrs. Konkel are under the supervision of Mrs. Madeline Woodard, public health nurse, assigned to the Centerville schools by the Alameda County Health Department.

Vision screening and hearing tests have been completed. The program for vaccination for smallpox and immunization for diphtheria is being surveyed in kindergarten, grades four and eight.

The eighth grade class has been given instruction in first aid and students have been organized into groups of "nurses' assistants" to assist the faculty and the school nurses.

Sheryl Gray, eighth grade student, Centerville Elementary School, represented Centerville in the Southern Alameda County spelling bee finals held at Kimball School, Hayward, this Tuesday.

Alternates for Centerville school were Karen Kay and Yvonne Meekins.

The kindergarten classes will present a May Day festival at the school on Thornton avenue Friday morning, April 30, at 10 a. m.

Program is:

"Maypole Dance," by Mrs. Bawden's and Mrs. Wires' kindergartens.

"May Playmate the Wind," by Mrs. Bawden's and Mrs. Wires' kindergarten girls.

"Whoa! Little Horses," by Mrs. Bawden's and Mrs. Wires' kindergarten boys.

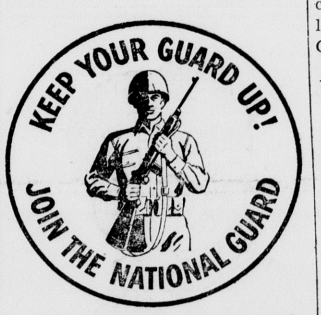
"Chimes of Dunkirk," by Mrs. Bawden's kindergarten.

"Children's Polka," by Mrs. Wires' kindergarten.

Circus parade—Kindergarten children and circus animals.

Popcorn and pink lemonade sale—By kindergarten mothers.

Proceeds will go toward buying kindergarten equipment.



C of C Hears How Fluoridation Works

BY KITTY SAMMON

Matt Whitfield, general manager of Alameda County Water Department, explained the mechanics of fluoridating water for Washington Township to the Newark Chamber of Commerce Wednesday.

As new water mains are put into operation, the service units have provision for the addition of fluoridation, Whitfield said, so the cost would be less on the new mains. It would not be impossible to fluoridate water for Newark alone, but impractical, as it would cost around $11,000 or $12,000, as against $19,000 for the entire township, he said.

Cost of maintenance would be around $3,600 a year. The fluoridizing solution is controlled from .7 to a maximum of 1.5; that is a gallon and a half of solution to a million gallons of water.

The Water Department takes no stand either for or against fluoridation, as that is matter for the people to decide by vote. The cost of fluoridation would probably be passed on to the consumer through an increase in the water rate, Whitfield added.

The Chamber decided to spearhead formation of a Citizens Committee further to investigate incorporation of Newark. This action was taken in answer to a request from the Women's Improvement Club. Details will be worked out by the incorporation committee of the Chamber, headed by Gordon Cotton. It was suggested by the Improvement Club that the Citizens' Committee be made up of two or three delegates from each organization in town, and representatives from industry and business.

Paul Gygax of the Business and Industrial Relations Committee Reported on The American Brass and Iron Foundry which will establish a plant in Newark. About "120 men" will be employed at first, and ultimately around 250.

George Dane, manufacturer of cabinets and mill work, is establishing a business in Newark, Gygax said.

In answer to a request from the chamber, the Southern Pacific will install wig-wag signals at the Baine and Cherry road crossing. They have not yet completed their survey at Ash and Railroad, and Central at Orangeburg Mfg,, the other two locations for which the chamber requested signals.

Residents of Los Ranchitos requested a street light at the corner of Zulmida and Leone.

Maps of proposed Flood Control Zone 5 will be displayed at the Fire House.

Final hearing on establishment of two refuse dumps near Newark will be held by the planning commission on April 19.

TROUT HEAVEN IN TOWNSHIP FRONT YARD THIS YEAR

For the first time in years, Alameda Creek will be a populated spot when trout season opens on May 1.

Populated by both trout and anglers, that is.

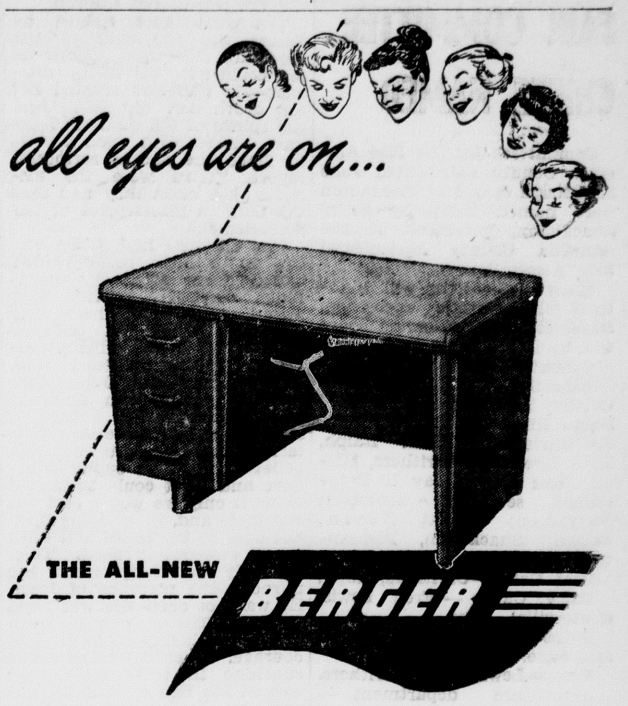
The stream last week was planted with 2500 young rainbows by the California Fish & Game Commission, in an effort to restore it to its former standing as a doorstep paradise for local Isaac Waltons.

And this week, another 5000 trout were slated for planting from Niles Bridge upstream to Silver Spring, west of Sunol.

Fish and game wardens said the trout range up to 14 inches in length, and that all are of catchable size. However, they added the warning that the season does not open until an hour before sunrise on May 1, a Saturday, and that patrols will arrest anyone fishing the creek before that time.

Pre-season predictions are for a good catch, statewide. Water, weather and hatcheries have teamed up to promise many a 15-trout limit.

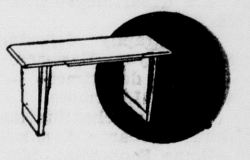
Steinhart Aquarium is said to be the best lighted of all public aquariums.



JUNIOR ALL-PURPOSE STEEL DESK

with wonderful "eye comfort" top . . .

Here's the latest in 'round the clock working comfort! The light, bright top of this all-new Berger Steel Desk blends softly with your paper work. There's no harsh contrast to cause aggravating eye-strain. Illuminating experts agree that its light reflectance rating of 35% is tops for visual comfort.



See its graceful, tapering lines . . . its rich, durable finish . . . try its new, comfortable 29" height . . . at our store today.

"We heated water for 104 baths for only 78¢"

reports Mrs. Frank Jenkins, of Stockton

"When we moved West," says Mrs. Jenkins, "we soon found gas and electricity are much cheaper here. Now we use them more than ever . . . for more comfortable living."

Look how much cheap gas and electricity did for the Jenkinses in just one month

150 hours of lighting	$ 2.46
90 meals cooked (for family of 4)	.98
2250 gallons of hot water for 104 baths	.78
28 tubfuls of clothes	.30
50 hours of dishwashing	.16
daily shave, washups	.09
7 hours of scrubbing	.01
28 loads in automatic washer	.09
15 hours of hand ironing	.22
7 hours of vacuuming	.06
120 hours of television	.64
40 hours of radio	.10
150 slices of toast	.06
30 days of refrigeration	.81
2 electric clocks	.09
sunlamp	.03
mixer and waffle iron	.06
30 days of gas heating	5.50
P. G. and E. bill for the month	$12.44

Average cost per day: 41¢

Where the Jenkinses used to live, the same amount of gas and electricity would cost $38.16

Think of all the appliances in *your* home and all the ways they serve you. Now divide your P.G. and E. bill by the number of days in the month . . . to get the daily cost of the gas and electricity you use. Day in, day out, does anything else bring you so much good living at such small cost?

Gas and electricity are cheap in California

FAIR COMMITTEE CHIEFS NAMED

Committees for the 1954 Alameda County Fair slated June 11 through July 4 at Pleasanton were named today by Harry Shackleton, president of the Alameda County Agricultural Fair Association.

Many innovations will highlight the historic exposition, Shackelton said. Premium books will be issued early in May.

Committee leaders include:

Executive—Richard F. McCarthy, Berkeley; Joe M. Rose, Santa Rita; Roy Bernhardt, B. L. Haviside, William Ralph, Livermore; Dale Carithers, Mission San Jose; Wray L. Bergstrom, secretary - manager, Pleasanton; Everett Nevin, Dublin; Shackelton, Pleasanton.

Beef Cattle—Carithers, Ralph.

Dairy Cattle — Fred Lewis, Centerville; Rose.

Swine department — Ralph and Rose.

Sheep—Lewis and Carithers.

Agriculture department — Lewis, Rose and Ralph.

Horticulture—Lewis, Rose and Ralph.

Floriculture department — Maxwell Holmes, chairman, San Leandro.

Amateur floriculture — LaVerne Wallis, Pleasanton; Mrs. Harold G. Henningsen, Oakland.

Art department—Will Frates, Hayward.

Photography department — Earl Kenyon, Hayward.

Wine department — Frank Garbini, Livermore.

Veterans rehabilitation — Andrew J. Pearce, Livermore.

Home Economics—Mrs. Elmer Pedersen, Pleasanton.

Poultry, pigeon and rabbit department — George Bayliss, Hayward.

Future Farmers — Leslie Brown, Hayward; Fred Lewis, Centerville.

4-H department — Gladys Boone, Hayward; Gordon Winlow, Hayward; Ralph.

Advertising director — James T. Zeno, San Leandro; publicity—Zeno, city side; Hebert Wuerth, Oakland, racing news director.

Entertainment—Bernard Abbott, Oakland; McCarthy, Bernhardt.

Racing—Haviside, R. A. Conyes, Piedmont; Abrott.

Buildings and grounds—Bergstrom.

Budget—Bergstrom and Nevin.

Exhibits—Frank Smith, Alameda; Ralph, Shackelton.

Farm implements — Rose, Ralph and Lewis.

Commercial and Chamber of Commerce exhibits—Judge Joe Schenone, Livermore, Hayward; Smith, Mayor James Trimingham, Pleasanton.

Racing directors — Sam J. Whiting and William B. Kyne.

San Francisco's foreign trade zone is one of five in the United States.

"EASTER OPENS DOOR"

Rev. C. W. KIRKPATRICK
Congregational Church

The first door opened by Easter was the door of the sepulchre of Christ. Death itself could not hold such a prisoner—He who was created not for death but for life. And the spirits of His disciples must have soared with such joy as to make the simple scriptural report, "Then were the disciples glad when they had seen the Lord" a masterpiece of understatement.

The disciples had taken refuge in a little room behind closed doors after the crucifixion of Christ. They were afraid to go out where they might be recognized lest His fate would also be theirs. Already they had heard from Mary, Peter and John that Christ was risen from the grave but they could not believe it. It is tragic how sometimes hysterical fear prevents us from believing what we ought to believe and what could be proved to us if only we would cast out our fears and, in so doing open the door to the belief and faith we so desperately need. Then suddenly the disciples saw the miracle—the presence of Jesus. He was not dead—He was risen indeed. Theirs was a fresh and overwhelming faith and courage. Once again there was sunshine in their souls, God was in His Heaven and all was well on earth because Jesus had opened the closed doors which had made them prisoners.

And just as surely as Christ opened the doors to new hope and opportunities for his disciples, and will do the same for us, in this life—so does He open the doors of hope and aspiration for the next life. It is not given to us mortals to discern in detail how this will happen. But the important fact is not that we cannot know, but rather that we do not need to know; that is to say, we do not need scientific proof for it.

We can know just as surely what we see through the eye of faith as what we see with the physical eye. In the story, "Death Be Not Proud," it is pointed out that though death may bring doubt and fear to those of lesser faith, those of greater faith know that death is but the door which Christ opens for us that we might enter into the Glory of Life Everlasting.

There is a most unusual picture of Christ that most people have never even heard about. It was painted by a revolutionary artist named Orozco. When you first look at it you are apt to recoil in anger and disgust at his blasphemy because in every picture you have seen of the crucifixion you have seen Christ on the cross dying. But this daring artist portrays Christ as a towering figure, flesh torn, His head bloody but unbowed. He is on His feet triumphantly surveying a world gone mad. He is holding an ax and not far from Him you see His cross which has been cut down. Perhaps your first thought would be that the artist was ridiculing the cross. Then you would think again. You would realize that the cross has served its purpose and here is Christ revealed in His true light—not the poor, broken figure hanging from the tree. But here He is risen and triumphant, living now and forevermore, freed from the flesh, victorious over His enemies and over death—throwing open the doors for us, the doors through which we may pass to the more abundant life, and to the Eternal Life.

ANN UNTIEDT WEDS LLOYD BISHOP IN SAN JOSE DOUBLE-RING RITES

On March 20 in St. Paul's Methodist Church, San Jose, Ann Undiedt became Mrs. Lloyd R. Bishop in a double-ring ceremony officiated by Rev. Fitch. Ann is the daughter of Mr. and Mrs. John Undied of Mission San Jose, and Lloyd is the son of Dr. and Mrs. Warren G. Bishop of Atherton.

Best man was Al Silva of Oakland and usher was Charles Magmusen of Ontario. Both are fraternity brothers of Lloyd and members of the Kappa Alpha fraternity.

Matron of honor was the bride's sister, Mrs. Arthur Kimber of Pomona. Bridesmaid was Judy L. Zent of Stockton. Flower girl was the bride's sister, Sonja Undiedt.

The new Mrs. Bishop walked down the aisle in an ice-blue rice-paper taffeta ballerina-length strapless gown with bolero and a short white veil, carrying a white bonquet of carnations.

Mrs. Kimber wore a yellow rice-paper taffeta off-the-shoulder ballerina-length gown with a headband of roses and Miss Zent wore gray.

Reception following the wedding was held at Mary Ann Gardens in San Jose. A three-tier cake and champagne punch was served to about 150 guests.

A week's honeymoon was spent in Las Vegas and southern California.

Ann graduated from San Jose State College in January, majoring in education. Lloyd is a business administration major and plans to enter the armed forces this summer.

The newly married couple are now making their home in San Jose.

HEADS CAMPAIGN

Robert Infelise, Decoto educator, heads the Washington Township campaign to elect Richard Graves, Democrat, candidate for Governor, Graves' headquarters announced today.

FIVE SCREECHES FOR CIVIL DEFENSE

S.F. Can Keep Foghorns, Township Will Have Sirens

Washington Township will shortly have five new attack-warning sirens, bringing Southern Alameda County's powerful air-raid warning net to maximum volume, Sheriff H. P. Gleason said today.

Four new giant 10-horsepower sirens, to be mounted on 30-foot steel columns, will augment ten previously installed in thickly populated sections of Eden Township to the north.

"In addition," Gleason said, "a three-horsepower siren, which has been stored at a Santa Rita warehouse since the close of World War II, will be installed on Hillview Avenue, Niles. All locations were chosen on the basis of the recent state-wide test of public warning devices, which indicated the need."

Tentative locations of the new 10-horsepower sirens in Washington Township will be: 1. Whipple Road at Henry Barnard School, Decoto.

2. Foot of Alder Avenue, Centerville.

3. Mayhew Landing Road and Cherry Street, Newark.

4. Mission San Jose-Irvington Road at Olive Avenue, Irvington.

Work on the sirens is being rushed to completion in Washington Township for the final statewide test next Monday noon (April 26), according to Sheriff Gleason.

Control units for the new sirens are located in Newark and Decoto fire stations which are manned on a 24-hour a day basis by paid personnel. They are activated by automatic timers, and are characterized by warbling tones, keyed to a lower pitch than the ordinary fire-type sirens. This widens the effective sound area, Gleason explained.

Installation is being supervised by Sheriff's Lt. S. N. Petersen, assistant county civil defense director.

ITALIAN VILLAGE IS NAME OF NEW NILES RESTAURANT

Arnold Bellini, owner of Niles Meat Market building and other property along the north side of Niles-Mission Highway at Niles, has leased his new large building to restaurant people. This new development of single-story buildings, moved to Niles in recent months, has been fashioned into one big building, alongside the meat market. The low, artistic type of frontage, with red-colored sweep of wooden awning, caused Arnold Bellini to name it Italian Village.

He says the new renters are adapting the structure to restauurant facilities for making it one of the most attractive Italian food centers of the interior of the county. It will probably be opened in a month or two. A bar is in the same building.

GOP ASSEMBLY IS SCHEDULED TO BE STARTED HERE

Organization of a Republican Assembly for the township is being promoted at a meeting to be held April 23 at Washington Union High School.

Lester Whitaker Jr. is temporary chairman of the unit-to-be, assisted as secretary by Mrs. Sally Lee.

Ed Robey and Oliver Stivers, GOP candidates for the State Legislature, are slated to appear at Friday's meeting, and a committee composed of Whitaker, Vernon Ellsworth and Jack P. Lee will present suggested by-laws to C. Neil Abbott, regional director of the Assembly, which is the state's oldest Republican volunteer group.

The public is invited.

WITH 'COPTERS

Marine Pfc. Edward C. Sisneroz, son of Mr. and Mrs. Adolph Sisneroz of 622 Sixth st., Decoto, has arrived in Japan for duty with Marine Transport Helicopter Group 16 of the First Marine Aircraft Wing.

Based at Hanshin Air Base, near Osaka, the "whirlybird" group is the same type of unit which proved so valuable to United Nations troops in Korea, evacuating sick and wounded and supplying men on the front lines.

Since the group arrived in Japan last August, it has made more than 1000 mercy flights in aiding victims of typhoons and floods.

A vertical lift type bridge spans the Carquinez Straits.

ASPIRANT — Anga Bjornson, candidate for State Senate for Alameda County, will appear at "coffee hours" in homes of Centerville, Niles and Decoto residents on Sunday, April 25. Local leaders have formed a township committee to support this business woman and former teacher.

Greb Heads Group For Anga Bjornson

Anga Bjornson, candidate for State Senator from Alameda County, has announced appointment of Gordon B. Greb, Irvington eduucator, as campaign co-ordinator for the Eighth Congressional District.

Co-chairmen appointed in local towns include: Mrs. Raymond Benbow and Sam Kerr, Irvington; Mrs. Dwight Brown and Mrs. Ruth Strauel, Hillview Crest; Mrs. Manuel Hidalgo and Henry C. Rivera, Decoto; Wesley Hammond and Miss Marjorie Callow, Newark; Mrs. Gayle Stepp and Charles Russell, Niles; R. E. O'Flaherty, Mission San Jose, and Mrs. Thomas Power, Centerville.

The local group is planning a series of coffee hours for Sunday, April 25, at the homes of Mrs. Power, Centerville; Mrs. Stepp, Niles, and Mrs. Hidalgo, Decoto, to introduce Miss Bjornson locally.

Township Almost Became Mormon Mecca

By GORDON B. GREB

Washington Township, now in the throes of growing pains, could have been one of the West's biggest cities 100 years ago—except for a quirk of fate.

Records now available to scholars reveal that serious plans were in the making to bring thousands of people across the plains to this locale as early as 1845. Some families actually made the journey, by land or sea, and their descendants still live here. Not until almost 1860 were the plans finally dropped and the book of possibility closed.

The plans were those of Brigham Young, president of the Church of Jesus Christ of Latter Day Saints (hereafter called by the popular term, Mormon), who led thousands of his followers out of the State of Illinois in the winter of 1845-46 because of religious troubles there. Their destination: The free, open land of the West.

Many families who loaded their possessions into wagons, handcarts and saddlepacks in those long-distant days were convinced their destination was California.

Brigham, when questioned, only said, "I shall know the place when we arrive." Of course, it is now a settled fact of history that after traveling hundreds of miles with an advance party, sick and somewhat weary, Brigham lifted himself on one elbow while abed in a wagon and from atop the Wasatch range in Utah, envisioned the Salt Lake valley as the final settling place.

What is not generally known here is the extent of the plans to bring the Mormans across the continent to the Pacific slope and to settle directly upon the area now called Washington Township. Had Brigham Young not found Utah to his liking, there is where a city the size of Salt Lake City would have arisen many years ago.

In 1845, word was sent out to all Mormon faithful that they must move. In New York City, Sam Brannan of the L. D. S. Church took charge of the followers there, hired the sailing ship Brooklyn, and organized the movement of many hundred men, women and children on a sea journey to California, still an unexplored territory, could become the haven for the persecuted Mormons.

Brannan and his group arrived too late to claim the territory, sailing into San Francisco just a few days after the "Bear Flag" revolution. Yet Brannan was so taken by the richness of the land that he left almost immediately to take the news to Young. He crossed the uncharted Sierra Nevadas to meet the oncoming Mormon pioneers in Utah territory. Again, he was too late and despite all his eloquence and persuasiveness, he could not convince the Mormon leader, Young, to continue the movement of his wagon trains to the coast.

One thing was accomplished, though, to keep plans alive that would have affected Washington Township. This was the permission, given by Young, which allowed the Mormons from the ship Brooklyn to stay in California, or cross to Utah, whichever they desired. As later events showed, Brigham Young, while deciding to stop in Utah, had not really given up his plan to settle also in Upper California.

One of the faithful Mormons was John M. Horner, who after debarking from the Brooklyn, at the Presidio, crossed the Bay to Mission Valley. Here he was entranced by the rich soil, built the first American-owned house, and began raising vegetables. This was in 1846.

Horner's ranch, located at the crossroads of the present town of Irvington, was to become the focal point for the settlement of others from the ship Brooklyn who were generaly faithful to the Mormon religion.

The evidence shows that the wealth and potential of this valley was made known to Brigham Young, either by personal tales of travelers or through some correspondence by Mormons here.

In 1854, Brigham Young addressed a conference of church members at Salt Lake City, saying, "I will lay a proposition before this conference for them to decide upon. That is, for us to select a man and send him to Upper California; say, for instance, to Brother Horner's ranch, to lay out a place for the gathering of the saints in that vicinity of the world. Brother Amaza and Brother Rich have got a standard reared in Southern California already."

This record, recently found in The Zion's Watchman for Oct. 14, 1854, shows for the first time that settlement in Utah had not ended Young's earlier idea of coming West, and in particular, to this area by the bay.

This dream was so real that even after the Mormons began settling in Utah, they taught hymns and verses to those they were converting to their faith in Europe, on the theme of coming to the beautiful land beneath the shadow of Mission peak.

So convincing was the idea of journeying here that many Mormans continued the trek, leaving Utah. The United States Census records for 1860 disclose that many families who moved here in the previous decade had originally settled in Utah, as shown by origin of birth for their children.

Because of the outbreak of the "Mormon War" of 1857-59, when the United States Government sent an army into Utah under Gen. Albert Sidney Johnston to quell an asserted rebellion, plans to colonize the West were dropped by Mormon officials. This accounted for the closing of the San Bernardino settlement and calling back of families there.

The city that could have been here—never was!

But Washington Township, where Brother Horner lived and praised the land, was ever the part of a dream, as sung by the early Mormon pioneers, who crossed the plains with oxen, mules, horses, covered wagons and handcarts on their way to the promised land:

"The Upper California, Oh!
That's the land for me.
It lies between the mountains
And the great Pacific sea;
The saints can be supported there,
And taste the sweets of liberty.
To Upper California, Oh!
That's the land for me.
Oh! That's the land for me . . ."

Crude petroleum valued at $4,276,166 was Saudi Arabia's only import through the San Francisco Customs District in 1952.

CANDIDATE — Ed Robey, San Leandro real estate man, is candidate for Assembly in the Thirteenth District, which includes Washington Township.

Paradise Glacier in Mount Rainier National Park exhibits many features of mountain glaciers —melt water, moraines, polished and fluted rocks, great cirques and the broken, crevassed expanse of blue ice.

TREEVIEW, OTHER TRACTS APPROVED

A trio of Washington Township subdivisions, containing a total of 674 homesites, was approved Wednesday by the Alameda County Planning Commission.

Largest of the three, "Treeview Homes," contains 586 lots of 5000 square feet each on the east side of the state highway north of Decoto. It is opposite Hillview Crest.

Approval of the tract climaxes three years' negotiation between the subdivider and county agencies in solving drainage problems.

At Centerville, north of Blacow road, the second approved development contains 63 lots with a minimum of 9000 square feet each.

It is an extension of Glenmoor Homes which already has completed more than 200 homes in the area.

Mission San Jose is the location of the third site which lies on the south side of the Irvington - Mission San Jose road, west of Mission San Jose.

The development contains 25 lots and is subdivided by James R. Meyer of Glenmoor Homes and E. E. Huddleson, owner of the property.

California produced 8,714,303 cases of tuna in 1953.

WHAT'S DOING

S. D. Smith, your Telephone Manager in Niles

New gun shoots wire instead of bullets

If you ever visited your local telephone office, you most likely were amazed at the thousands of small wires that connect the intricate equipment. It used to be that each tiny wire connection had to be soldered by hand. But today, on some kinds of equipment, a new wire wrapping gun is used. It literally "shoots" wire around a terminal. And it grips so tightly that, if you tried to pull it loose, you'd break the wire first. By doing an important job faster, better, cheaper, the wire gun helps us provide service at low cost to you. **Pacific Telephone works to make your telephone a bigger value every day.**

Long distance calls now cost you less

The reduction in excise tax from 25% to 10%, voted by Congress, is good news for long distance telephone users. All of the reduction will go directly to our customers. It means that every long distance call you make—to anywhere in the country — now costs you less.

Enjoy the convenience of an extra telephone for just pennies a day

Anywhere in your home—in the bedrooms or kitchen . . . in the garage or basement—you can enjoy the added convenience of an extension telephone. Extensions make it easier for the whole family to place calls, receive calls. And this step-saving service is yours for just pennies a day. To order your extension, call our business office todav.

BACK FROM JAPAN — Dane V. Christensen, former outside representative for Pacific Telephone in Washington Township, has been released from active duty with the Signal Corps in Japan, and has returned to work with the company. In the Army, he worked on a signal team providing radio relays throughout the Japanese islands.

New strength and stamina! Lower upkeep costs!

New Chevrolet Trucks...
do more work per day... more work per dollar!

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on ½-, ¾- and 1-ton Chevrolet trucks.

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models . . . bigger clutches in light- and heavy-duty models . . . stronger frames in all models.

You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

FIRST IN SALES year after year! CHEVROLET

IN TUESDAY, OUT THURSDAY

This is in the nature of a further report to our readers on what we hope to do, newspaperwise, for Washington Township. In recent editorials, we explained why the local weekies merged, and asked your indulgence while we tried to get the new system under way. It is our conviction that newspapers are something like public utilities, and that every so often they should render an accounting or explanation to the public they serve, if they want the public's trust.

First of all, readers should understand that our growing pangs are severe. The legal act of consolidating the papers didn't mean that they became one overnight, or that production and newsgathering would be improved overnight either. For several decades, your local weeklies have been printed on machinery which was barely adequate for a backwoods shop. Now, with increased circulation and advertising, and with need for a better product to keep pace with the new Township, modern machines are needed.

Chiefly, we had to have a press which would print papers in rolls, rather than one which had to be fed each sheet by hand. This would of course increase the speed with which the papers could be printed. This in turn would save hours of work which could be devoted to improving the product—the newspapers themselves.

Fortunately one of the publishers had purchased such a press. It now sits on its permanent foundation at 177 Fremont Avenue, in Centerville. As fast as a building can be constructed around it, it will get into production. Meantime, all the papers have to be run off on a press at the Register in Niles—a press which came 'round the Horn when California was young, an historic object more than 100 years old. Sentiment attaches to the old Potter single-revolution relic, but sentiment didn't compensate for the fact that we had to run it at trembling full-speed for 20 hours last week to get off two 12-page papers, two 8-pagers, and a four.

However, until we do get into the new building, and until we get the roll-paper press running, we'll have to cross our fingers and make-do with the old hand-fed machine.

For this reason, it becomes necessary for us to get one complete press off on Monday, another on Tuesday, and a third on Wednesday if Township readers are to get their papers on Thursday in time for the weekend. This in turn requires a huge volume of typesetting on our two Linotypes, and by hand, to fill each four-page run with news and advertising. Therefore we have had to advance the deadline for news and advertising to Tuesday afternoon at five. Only a minimum of emergency copy can be set Wednesday if the final run is to be made Wednesday night. Last week some came in late, and editor and staff were printing papers and addressing them until nearly 4 a.m., in order to get the News and Register in the mailboxes Thursday morning.

Obviously this is skating too close to the edge, and so we are asking help from our readers and advertisers in getting that copy to us early, so that it can be set, and so that it won't get left out.

Mechanical difficulties, we realize, are only part of our troubles. There are plenty of other places where we fall down in covering news as it happens here. But we plan to correct those weaknesses as quickly as we can, and solution of the mechanical problems must come first to free us to produce better all-around newspapers.

Therefore we're laying our cards on the table. If you will call in your news, or get in your ads just a little earlier, it will make our task a little less impossible, during this rough-edged period.- It also will make the papers a little bit better for you.

You will? Thanks. We knew it all along.

'H' IS FOR HOLD-OFF, TOO

It was like this when we heard about the atomic bomb, and probably it was like this when the stone-ax bearers first learned of that new, inhuman, all-devastating weapon, the spear.

Worry-warts the world around again are predicting the end of civilization because the bomb that uses hydrogen is stronger than the one that used plutonium. Fortunately President Eisenhower and Prime Minister Churchill have kept their heads. They've been through this before.

Invention of poison gas didn't bring the end of the world. Neither did bacterial warfare. These are recognized as total weapons, effective against a whole people, not just their armies. Fear of retaliation, as the President pointed out, is a powerful deterrent. Probably it is powerful enough to keep aggressors in line. If the Kremlin knows that somewhere in the Arctic wastes American bombers lie hidden, armed with hydrogen bombs, then the masters of the Kremlin won't be so apt to press the button for World War III.

SUZY SEZ...

Don't forget! Sunday is the day that daylight savings time returns.

* * *

Well, now I've heard about the dinner guests to end dinner guests. They showed up at a township home for Sunday dinner at 9 a. m., before the hosts were even out of bed.

* * *

That multi-colored fence in Newark is certainly an eye-catcher. Almost blinding, in fact.

* * *

Remember when television was so new folks moved the set from room to room in order not to miss anything? Now the newest homes feature 'em built-in.

* * *

I saw the most unusual hassocks at a Centerville home last week. Made of 48-ounce fruit juice cans, and covered with chintz, they are light, and quite comfortable when covered with cotton. Eight or nine empty cans will do it.

* * *

I'm afraid the only words the parakeet belonging to a Centerville man will ever say would be unprintable. He loses patience so easily when the poor bird fails to say "Hi, Bud."

* * *

One of those plastic squeeze bottles kept in the glove compartment filled with water will come in handy in cleaning either the windshield, or the kids' faces.

* * *

A township grandfather feels he's too young for the title so he has his grandson call him "Jake," which happens to be the name of a pet dog he had when he was a boy. A case of a man named after a dog?

* * *

A Niles woman who has her kitchen all torn up for remodeling says one advantage of doing the dishes in the bathtub is that you can get an awful lot dirty before you have to wash them.

* * *

A young mother in Mission San Jose says her 2-year-old is at a very bothersome age. He no longer will let the adults eat without wanting to join them, even if he's just eaten. She now saves dessert until later and he has his pudding while they eat their chops.

* * *

Tell me (if you can) why a woman who says she has "so many" grandchildren always gets a big hand on the radio? Chances are, all they mean to her is more baby-sitting.

* * *

I frequently see a certain car parked across the sidewalk in Los Ranchitos, Newark. The neighbors threaten to make a path right across the hood.

* * *

You think you have problems? Consider storekeepers in some township towns who can't even buy gas twice at the same station without causing jealous remarks.

* * *

Have you used up all your Easter eggs yet? My family can't stand the sight of another hard-boiled egg. Even fixed deviled, or a-la-golden-rod.

* * *

You might like to make slip covers for your lamp shades using drapery material, and put elastic at the top and bottom edges for a tight fit.

The reports I hear of almost tame rats in Newark should increase the sale of poison there. I'm not talking about white rats, either.

* * *

I've found a handy spoon-holder, big enough to rest my pancake turner on.. It can be made of foil, often using some used elsewhere first. When dirty, just throw it away.

* * *

Hasn't the wisteria blooming by the Episcopal Church been lovely this year?

* * *

I guess I'll have to wait until spring to see the Niles sign above town repainted. Anyhow, on foggy days it doesn't look so tattered and worn.

* * *

When I heard the Centerville woman who sings loudly about her housework, I thought she was in great pain. Her neighbors just turn up their radios and drown her out.

* * *

Some so-called open minds should be closed for repairs.

* * *

So long.

READERS WRITE US

Editor, Sir:

We wonder what is the matter with prices, people, conditions; let us explore a little, union members can strike, get from $16.50 to $27 a day, but where does the white collar worker come, or people on other fixed income? Where is the fact that one has lock things up or some person or juvenile will pick up things you might have around and not under lock and key, from rocks to tools, flashlights or other articles? One must fence to keep dogs off a lawn, or children out of trees; if they got hurt parents would sure try to sue for damages to the children or animal.

We complain about the price of government on any level, what do we do about it. I have, and so have others done the same work alone that is now done by five people, and did not work too long or hard; did not and could not ask for pay for going to work and coming home which seems to be what the unions want now. A dollar won't do as much for a man now, because the man won't do as much for a dollar, he is afraid of a little extra sweat or labor.

Why do prices go up and up? We want too much for too little. Think and think again, get learning and more learning, but with all thy getting get wisdom. Years ago we made a good living from the farm without government subsidy, now it is politics. Why should we pay taxes for the government to buy wheat, cotton, butter, eggs, let it spoil? Why should so many men of the Congress, House and Senate be away from Washington when things that concern all of the public when they should be there studying facts, not lawyers' quotations or statistics?

The two things my dad, who could hardly write his name, preached to us boys, was: Never do a lazy man's job, don't be afraid to get your feet in the dirt. How many people today are paying $12,000 for a $5000 home? Ask yourself and THINK, who eventually is going to pay for it when jobs get hard to get?

How many youngsters going into the service complain because there is certain things they have to do? When one depends on the man next to you in the front lines as well as on yourself to help stop the enemy, he don't, what is the result, defeat, if he does not hold up his end? We who have seen men killed because of lack of training or thinking, wonder what it is all about? How many people know actual hunger, privation? How many people say I am going to drink coffee even if it is $5 a pound? Do they think someone is getting a lot of money because they will pay it? It seems all we are after today is the ALMIGHTY DOLLAR, to get what we want, to heck with anyone else. Ask yourself is that Americanism, democracy, is it for the good of the country?

How far does old-age pension, social security go in giving people a decent way of living? Again we, the public, must think, reason, get America back to individual responsibility; then we have a public responsibility, and get back to the government of the people, by the people, for the people, not for a position and money, and publicity, or politics as one may call it?

Loyd C Coggins,
Niles.

ALVARADOAN HELPS GIs BUILD SCHOOLS

Army Cpl. Gilbert T. Villarreal, son of Mr. and Mrs. Angel Villarreal, Alvarado, is helping to build two school houses in Korea while serving with the Seventh Infantry Division.

His unit, Company F in the Seventeenth Regiment, is building a new four-room school and rebuilding an old one as part of the armed forces assistance to Korea program.

Cpl. Villarreal, a squad leader, entered the Army in October, 1952, and completed basic training at Fort Ord.

TOWNSHIP TOPICS

This Week's Question. Do you think Washington Township has a smog problem? If so, what should be done to solve the problem?

I think they definitely have a smog problem, but I wouldn't know what can be done to prevent it. **Mary Holmes, 2519 Noel st., Newark.**

No, I wouldn't say we have a smog problem. Eliminate factory smoke to keep from having smog. **Mrs. Laura Wilder, Irvington.**

Yes, we have a problem, but I have no idea how it could be solved. **Mrs. Arthur Freeman, 214 North Main, Centerville.**

I've never noticed any smog. I think certain hours of the day should be assigned for trash burning, to prevent heavy smoke in the daytime. **Mrs. Frances Kirkish, 116 Dondero way, Centerville.**

No, I don't. I don't know what they could do to prevent it. **Ed Turnage, 660 Mulberry, Newark.**

No. **Mrs. Vivvian Souza, R. F. D. Box 184, Niles.**

I haven't noticed. The more industry we get out here the bigger the problem, though we need industry to help pay taxes. **Thomas Gilbert, 429 Sterling dr., Centerville.**

Yes, I think we have a smog problem. As soon as a practical method is found to solve the problem we should use it. **Dolores Rose, 517 Second, Niles.**

Yes. I think they should try to prevent it as they are in Oakland, or it'll soon be like the L. A. area. **Norb George, 763 Ash st., Newark.**

Yes and no. I would suggest that people should be more careful what they burn. The planned dump may also cause smog. **Mrs. C. A. Bartlow, 553 Arden, Newark.**

I know the township does. I think the industry should be compelled to do something about the waste products in the smoke. **Mrs. Glen Bryner, 235 Goodrich way, Niles.**

No, I don't think so. We should make all new industries install smoke-cleaning equipment. **George Benz, 336 South Main, Centerville.**

No, I don't think we have smog. We could have garbage collection twice a week, instead of once a week. **Mrs. Doris Titus, 177 Towers way, Centerville.**

CENTERVILLE PTA PROGRAM TOLD

Mrs. John Silva, president of the Centerville School PTA, announces that next meeting of the PTA will be held in the school auditorium on Tuesday, April 27, at 2:30 p. m.

The following program will be presented:

School orchestra — Directors, Mrs. Margaret Duffie, Mrs. Doris Graves, Mrs. Eugenie Freeman and Miss Rosalind Rogers.

Rhythm band—Directors, Mrs. Edna Stubblefield and Mrs. Inez Silva.

Choral group—Director, Miss Rosalind Rogers.

Folk dance group—Director, Mrs. Alice Lambrecht.

Refreshments for the social hour will be under the management of Mrs. George Kay, chairman, assisted by the following first and second grade room mothers: Mrs. Lou Silva, Mrs. Doris Titus, Mrs. Frances Kirkish, Mrs. Peggy Harvey, Mrs. Bernice Nordvik, Mrs. Irene Mendonca, Mrs. John Johnston, Mrs. Hubert Jacinto and Mrs. Alice Rausch.

Parents and friends are invited to come to the meeting, visit with the teachers, and the classrooms where children's school work will be on display.

A teacher will care for small children whose parents wish to attend the program.

HELP HER — Clothing collected in the Niles Rotary Club clothing drive from May 1 through May 8 will be sent to Korea to help this widow. There are 500,000 widows and 400,000 half-orphans in South Korea. The clothing is baled and shipped from San Francisco and distributed in Korea where the American Friends Service Committee also conducts medical and refugee services. Local chairman is E. C. Parks.

DENY CONNECTION

Members of local American Legion and VFW posts denied today they have any connection with veterans who are selling house numbers in this area. Post commanders said they have given no permission to use the name of the local organizations in connection with the sales.
